

ELECTRONIC NETWORK USE AGREEMENT BY A VOLUNTEER, SUBSTITUTE, OR NON-SCHOOL USER

You are being given access to the District's network. Through this system, you will be able to access vast, diverse, and unique resources. With this opportunity comes responsibility. **It is important that you read the attached District Acceptable Use Policy (AUP) policy and ask questions if you need clarification on any item.** Inappropriate system use will result in the loss of the privilege to use this educational tool.

With access to computers and people all over the world comes the availability of material that may not be considered of educational value in the context of the school setting. There may be some material or individual communications which are not suitable. It is impossible to control all materials on a global network and users may encounter inappropriate information. It will be your responsibility to follow the rules for appropriate use.

Rules for Appropriate Use

The Acceptable Use Policy will be available at the site where you are accessing Humble Independent School District Internet services. Please contact the site's Front Office to make sure they have your AUP on file. You will only be able to use Humble ISD Computers using Workstation Only or a login specifically assigned to you. **Using someone else's login is a violation of the AUP.**

This unacceptable conduct includes, but is not limited to:

- ★ Any reconfiguration of the computer
- ★ Using the system for any illegal purpose
- ★ Using a computer under anyone else's network account/login
- ★ Sharing your login or account information with others
- ★ Downloading of any data to the computer's hard drive
- ★ Wasting school resources through improper use of the computer system
- ★ Gaining unauthorized access to restricted information or resources

Consequences for Inappropriate Use

- ★ Suspension of access to the system
- ★ Other legal action in accordance with applicable laws
