The Lake Houston Area Chamber of Commerce recognized Humble ISD's Investigator Lorraine Robinson and Lieutenant Tanya Stanford for their work in recently obtaining the departments Contract Training Provider status through the Texas Commission of Law Enforcement (TCOLE). This provider status enables Humble ISD's police department to provide state required training and other specialized training for Humble ISD officers and other police officers in the surrounding areas and state. Investigator Robinson serves as the Training Coordinator and Lieutenant Stanford serves as a member of the Training Advisory Board. Currently there are 2,650 Law Enforcement agencies in the State of Texas, 188 Law Enforcement Contract Training Providers and only 6 of those are Independent School District police departments.
