

Board members enjoy welding contest at AHS

Members of the Humble ISD Board of Trustees visited Atascocita High School's welding class. At a May board workshop, Trustee Robert Scarfo challenged other School Board members to a welding contest. On Friday, May 31, the Atascocita High School Welding students and Teacher Dennis Hunt instructed Trustees **Keith Lapeze**, **Robert Sitton**, **Robert Scarfo**, and incoming Board Member **Angela Conrad** on the underwater welding process. After the board members' welds were completed, students and Mr. Hunt judged and certified the welds. Angela Conrad got the first place winning weld.

Enjoying a hands-on learning experience are, from left, AHS Welding Teacher Dennis Hunt, Incoming Board Member Angela Conrad, Board Member Keith Lapeze, AHS welding students Tyler Smith, Chris Hunter, and Cody Appelgate, AHS Principal Bill Daniels, and Board Member Robert Scarfo.

Teacher Dennis Hunt helps Angela Conrad with her weld as Keith Lapeze and Robert Scarfo watch intently.

Robert Sitton checks out the underwater welding tank.

Robert Scarfo concentrates on getting it right.
