## Lakeshore and Timbers elementary fourth graders travel to State Capitol

Humble ISD fourth grade teachers at Lakeshore and Timbers elementary schools took their classrooms on the road to Austin with Education in Action's Travel, Explore, and Learn "Proud to be Texan" field trip. Students visited the Bob Bullock Texas State History Museum and the Texas State Capitol to experience what they are learning in fourth grade Texas History.

On the charter bus ride to Austin students discussed why Texans are so proud of their unique heritage and participated in activities and games in preparation for their visit. In Austin the students visited the Texas State Capitol where their legislators, The Honorable John Whitmire, State Senator, District 15 and The Honorable Dan Huberty, State Representative, District 127, office. Students saw first-hand where Texas laws are made as they toured the State Capitol including the Senate and House of Representatives chambers. At the Bob Bullock Texas State History Museum students explored exhibits about Texas's earliest inhabitants, the Texas Revolution, and events that created our Lone Star identity. The students' visit to the museum concluded at the multi-sensory Texas Spirit Theater with the Star of Destiny where they saw and experienced the history of our great state including a gusher exploding from an East Texas oil derrick and the takeoff of Saturn V as seen from Mission Control at the Lyndon B. Johnson Space Center in Houston.

"Education in Action's field trips are based on the understanding that the most effective way for students to learn is through experience," stated Lori Duncan, Education in Action's School Programs Director. "Student activities during this trip reinforce and supplement fourth grade Texas Essential Knowledge and Skills learning objectives with a focus on why Texans are so proud of their unique heritage."

In addition to Travel, Explore, and Learn field trips, Education in Action also offers spring break and summer Lone Star Leadership Academy camps for outstanding 4th-8th graders. During the weeklong, overnight camps, participants experience significant Texas sites in Dallas/Fort Worth, Austin/San Antonio, or Houston/Galveston with Texas educators and a focus on leadership. Education in Action is a non-profit organization dedicated to fostering educated and involved young people.
