STEM-E Start-Ups: 3 Day StartUp Workshop

for Kids & Teens

Register Now!
STEME.org/events

STEM-E Start-Ups is a virtual 3-Day Weekend Workshop that provides middle school and high school students with entrepreneurship education and practical hands-on business experience. Students are mentored by experienced entrepreneurs and business leaders to learn critical business skills, and take an idea from conceptualization to investor pitch.

NO EXPERIENCE NECESSARY!! Hands-on topics include: vital business skills (leadership, team building, communication, presentation skills), giving an elevator pitch, ideation, prototyping, assessing a problem and solution, and building out the business model canvas.

The STEM-E Youth Career Development Program offers kids & teens (elementary, middle-school, and high-school students) unique opportunities to learn about STEM & Entrepreneurship from the Experts! **Browse our events in: Robotics, Engineering, Computer Programming, Space, Medicine, Entrepreneurship, and so much more!**
