

Digital Learning Day, February 28, is THE day to integrate technology in your classroom! Highlight your digital learning successes by tweeting a photo and a sentence or two about what's happening digitally in YOUR classroom. Join with us on this national day to focus on digital learning and be sure to use the following searchable hashtags so that we can all learn from each other!

#HumbleDLday @HumbleISD_DL #DLDay

Started in 2012, Digital Learning Day has provided a powerful venue for educators to highlight great technology integration ideas and showcase innovative teaching practices that are improving student outcomes. This grassroots effort blossomed into a massive nationwide celebration as teachers realized that **Digital Learning Day is not just about technology, it's about learning.**

“What do we mean by ‘digital learning?’

Digital learning is any instructional practice that effectively uses technology to strengthen a student’s learning experience. It emphasizes high-quality instruction and provides access to challenging content, feedback through formative assessment, opportunities for learning anytime and anywhere, and individualized instruction to ensure all students reach their full potential to succeed in college and a career.”
