

PROGRAM SPONSORSHIPS

The Kingwood Park Media team has prided itself for years on being able to serve its readers with a newsmagazine distributed for free multiple times a year to the KPHS Community, a free news website that shares daily updates from photos to stories and a yearbook that covers the school year from start to finish.

As the district does not provide funds to publish the student media, staff members have to raise funds each year to publish their work and keep the newsmagazine and website free for the student body and keep the cost of the yearbook as low as possible for students.

We are excited to offer you the opportunity to help the program by becoming a program sponsor. We've got four great levels to choose from and you have our promise that the funds will go toward printing costs to keep the newspaper and website free as well as technology tools needed for our program's yearbook, podcast and video programs.
