August 24, 2020

Cambridge Families:

We are continuing to welcome our students back for the 2020-2021 school year! We have completed two weeks of learning as our staff is providing virtual and in-person learning with students. As mentioned during the virtual parent orientation, each parent should receive weekly communication from teachers. In addition, our campus website will provide information and updates.

Important Dates

- August 24- All district campuses begin in-person instruction for parents that chose that option.
- September 7- No School/Labor Day

Online Learning

- Cambridge teachers have completed online professional development to offer quality instruction for online teaching and learning. All online learning will be asynchronous (meaning that while teachers will post learning sets, resources, office hours, tutoring, and other opportunities, students will have the opportunity to be engaged on their own schedules).
- Schoology and Google Classroom will be our campus learning platforms. Teachers will contact each parent and student to explain learning sets, week at a glance and other digital classroom information.

The following links provides guidance on accessing online platforms/digital resources:

[K-5 Parent/Guardian Online Resources](#)

[6-12 Parent/Guardian Online Resources](#)

Operational Procedures

- School Day is 7:00am-2:00pm
- All classrooms are stocked with cleaning supplies, PPE items, and cleaned throughout the day.
- Masks must be worn at all times by staff, students, and visitors.
- Classrooms have been rearranged and class sizes reduced for safety.

Respectfully,
Jatata Hutton, Director
Cambridge School
