Dear Parents,

Humble ISD exists to partner with you to support student success. Your child’s teachers, counselors and principals are dedicated to inspiring curiosity and facilitating learning of important knowledge and skills. We are excited to provide your child with academic and co-curricular instruction, college and career readiness opportunities, service learning experiences, and much more.

Our mission, in partnership with families and communities, is to develop each child intellectually, artistically, emotionally, physically and socially so that all students are lifelong learners, complex thinkers, responsible global citizens and effective communicators. Ultimately, my goal is for every Humble ISD student to be the happiest and best prepared in the world—for anything that they choose to do.

This handbook has been prepared to provide you with important information. However, please do not hesitate to contact your child’s principal, teacher or counselor should you have any questions or desire additional information.

We know, and research shows, that parental involvement in a student’s education plays a key role in their success. Here are a few ideas for supporting your child’s success at school:

- Discuss your child’s day at school each afternoon or evening.
- Help students break down projects into smaller, more manageable steps when necessary.
- Check on your student’s progress, including logging into Home Access Center (HAC).
- Attend school events when you can.
- Give positive feedback and show appreciation to teachers and staff.
- Help students proactively learn school rules at home to prevent difficult situations at school.
- Ask your child’s teacher or principal questions to clarify any misunderstandings you might have.
- Visit your school’s website. You can also download the Humble ISD mobile app at www.humbleisd.net/mobileapp.
- Read email and newsletters sent by the district, school and teachers.
- Keep your cell phone and email updated on Home Access Center so that the schools and the district can contact you.
- Follow Humble ISD and/or your child’s school on social media.
- Join PTA or a booster club.
- Volunteer in the classroom or school office, chaperone a field trip, or help out with an event.

At any age, student learning is enhanced when parents are involved. We encourage and welcome parent and community involvement. On behalf of the Board of Trustees and staff, thank you for being a part of Humble ISD as together we help students become well-rounded, productive citizens of the future.

Sincerely,

Dr. Elizabeth Fagen, Superintendent

Complaints regarding unlawful discrimination or prohibited harassment, including retaliation, on the basis of race, color, religion, national origin, sex, gender, disability or age, including sexual harassment, shall be made according to Humble ISD Board Policy FFH (LOCAL). The District encourages any student, parent, or employee who believes a student has been subjected to, or who has witnessed a student subjected to, an incident of discrimination or harassment on the basis of race, color, religion, national origin, sex, gender, disability or age, or subjected to retaliation, to report as set forth in Policy FFH (LOCAL) so that the District can do a prompt investigation. Students and/or employees found to have engaged in acts of discrimination or harassment against a student based on the student’s race, color, religion, national origin, sex, gender, disability, or age, or to have engaged in retaliation in response to a report or complaint, will be disciplined. Students may be disciplined up to and including expulsion if warranted by the investigation. Employees may be disciplined up to and including termination if warranted by the investigation. If a parent or student is dissatisfied with the outcome of the District’s investigation conducted pursuant to Humble ISD Board Policy FFH (LOCAL), he or she may file a complaint under Humble ISD Board Policy FNG.

Policy FFH (LOCAL) and Policy FNG (LOCAL) can be found in the District’s Board Policy Manual, which is maintained by the General Counsel’s Office at the Administration Building. Parents, students and the general public may access the policy manual on the District’s website at www.humbleisd.net.

Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want Humble ISD to disclose directory information from your child’s education records without your prior written consent, you must notify the district in writing within ten school days of your child’s first day of instruction for this school year. This means that the district must give certain personal information (called “directory information”) about your child to any person who requests it for the uses designated below unless you have told the district in writing not to do so. Understand that once information on your child is included in student publications, district publications, yearbooks or on the district’s webpage or social media, it may be subject to public release.

[See Objecting to the Release of Directory Information on page 23]

Humble ISD has designated the following information as directory information:

- Student’s name
- Address
- Telephone listing
- E-mail address
- Photograph and Video of student and/or student work
- Date and place of birth
- Major field of study; degrees, honors, and awards received
- Dates of attendance
- Grade level
- Most recent educational institution attended
- Participation in officially recognized activities and sports, and weight and height of members of athletic teams.

School Use

The directory information listed in items bulleted above may be released on your child for school use (for example, student publications, district publications, yearbooks, district websites, district social media, and district-sponsored publicity). You understand that once this information of your child is included in student publications, district publications, yearbooks, district websites, district social media, and district-sponsored publicity, which includes video and school work, it may be subject to public release.

Non-School Use

Certain directory information, specifically your child’s name, address, and phone number, may be released for non-school use (for example vendors, sales persons and in response to request for records under the Texas Public Information Act.)
Preface

Welcome to the new school year!

Education is a team effort, and students, parents, teachers, and other staff members working together can make this a successful year.

The Humble ISD Student Handbook is a general reference guide that is divided into two sections:

• **Section I: Parental Rights** will help you respond to school-related issues regarding curriculum and the school environment.

• **Section II: Other Important Information for Parents and Students** is organized alphabetically by topic. Where applicable, it is divided by age and/or grade level.

Note: Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of a student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with board policy and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is not meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the Humble ISD Student Code of Conduct. To review the Code of Conduct, refer to the second section of this document/booklet or at www.humbleisd.net. State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

A hard copy of either the Student Code of Conduct or Student Handbook can be requested at any district facility.

The Student Handbook is updated annually; however, policy adoption and revisions may occur throughout the year. The district encourages parents to stay informed of proposed board policy changes by attending board meetings and reviewing newsletters and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify provisions of the Student Handbook at any time. Notice of any revision will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not,
nor is it intended to, create contractual or legal rights between any student or parent and the district.

For questions about the material in this handbook, please contact the principal.

See **Objecting to the Release of Directory Information** on page 23 and **Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation** on page 24 for more information.]

**Note**: References to board policy codes are included for ease of reference. The district’s official policy manual is available for review in the General Counsel’s Office in the Administration Building, and an unofficial electronic copy is available at www.humbleisd.net.

**Accessibility**

If you have difficulty accessing the information in this document because of a disability, please contact Public Communications at Public.Communications@humbleisd.net or 281-641-8200.

**COVID-19 Addendum**

The district reserves the right to revise or waive expectations and procedures under this Handbook to respond to the fluid and changing nature of the COVID-19 pandemic during the 2020-2021 school year. The District will post these additional restrictions on the Humble ISD website at www.humbleisd.net. **See COVID-19 Addendum.**
Section I: Parental Rights

This section describes certain parental rights as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological Evaluation

Unless required under state or federal law, a district employee will not conduct a psychological examination, test, or treatment without obtaining written parental consent.

The district will not provide a mental health care service to a student except as permitted by law.

The district has established procedures for providing a parent with a recommendation for an intervention for a student with early warning signs of mental health concerns or substance abuse or who has been identified as at risk of attempted suicide. The district’s mental health liaison will notify the student’s parent within a reasonable amount of time after the liaison learns that a student has displayed early warning signs and a possible need for intervention and provide information about available counseling options.

The campus counselor shall serve as the mental health liaison for each campus and can be reached by contacting the campus front office. The mental health liaison can provide further information regarding these procedures as well as educational materials on identifying risk factors, accessing resources for treatment or support on- and off-campus, and accessing available student accommodations provided on campus.

For further information, see Mental Health Support on page 108.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency (TEA) for child abuse investigations and reports.

Consent to Display a Student’s Original Works and Personal Information

Teachers may display a student’s work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent.

These displays may include personally identifiable student information. Student work includes:

- Artwork,
- Special projects,
- Photographs,
- Original videos or voice recordings, and
- Other original works.

However, the district will seek parental consent before displaying a student’s work on the district’s website, a website affiliated or sponsored by the district (such as a campus or classroom...
website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

**Consent to Receive Parenting and Paternity Awareness Instruction if Student is Under Age 14**

A student under the age of 14 must have parental permission to participate in the district’s parenting and paternity awareness program. This program, developed by the Office of the Texas Attorney General and the State Board of Education (SBOE), is incorporated into the district’s health education classes.

**Consent to Video or Audio Record a Student When Not Already Permitted by Law**

State law permits the school to make a video or voice recording without parental permission for the following circumstances:

- Is to be used for school safety;
- Relates to classroom instruction or a cocurricular or extracurricular activity;
- Relates to media coverage of the school; or
- Relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

The district will seek parental consent through a written request before making any other video or voice recording of your child not otherwise allowed by law.

**Prohibiting the Use of Corporal Punishment**

Corporal punishment as a method of student discipline is prohibited in the district. [See policy FO(LOCAL).]

**Limiting Electronic Communications between Students and District Employees**

The district permits teachers and other approved employees to use electronic communications with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for his or her class to relay information regarding class work, homework, and tests. A parent is welcome to join such a page.

Employees who sponsor District extracurricular activities must include at least one additional student or employee (i.e. coach, supervisor) on all text messages to students regarding extracurricular activities. For all other instances, the employee is required to include his or her immediate supervisor and the student’s parent as recipients on all text messages.
A parent who does not want his or her child to receive one-to-one electronic communications from a district employee should contact the campus principal.

**Objecting to the Release of Directory Information**

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a student’s education records without written consent.

“Directory information” is information that is generally not considered harmful or an invasion of privacy if released. Examples include:

- a student’s photograph for publication in the school yearbook;
- a student’s name and grade level for purposes of communicating class and teacher assignment; the name, weight, and height of an athlete for publication in a school athletic program;
- a list of student birthdays for generating school wide or classroom recognition;
- a student’s name and photograph posted on a district-approved and -managed social media platform;
- and the names and grade levels of students submitted by the district to a local newspaper or other community publication to recognize the A/B honor roll for a specific grading period.

Directory information will be released to anyone who follows procedures for requesting it. However, a parent or eligible student may object to the release of a student’s directory information. Any objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year. [See the “Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information” on page 18.]

The district has identified the following as directory information: student name; address; telephone listing; electronic mail address; photograph and video of student and/or student work; date and place of birth; major field of study; degrees, honors and awards received; dates of attendance; grade level; most recent educational institution attended; participation in officially recognized activities and sports; and weight and height of members of athletic teams. Please note that the district has designated specific directory information as “School Use” and other directory information as “Non-School Use”, as noted on the Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information, on page 18. If you object to the release of the student information included on the directory information response form, your decision will also apply to the use of that information for school-sponsored purposes, such as the honor roll, school newspaper, the yearbook, recognition activities, news releases, and athletic programs.
Also review the information at Authorized Inspection and Use of Student Records on page 29.

**Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)**

Unless a parent has advised the district not to release his or her student’s information, the Every Student Succeeds Act (ESSA) requires the district to comply with requests by military recruiters or institutions of higher education for the student’s:

- Name,
- Address, and
- Telephone listing.

See a document in the forms packet for this purpose.

**Participation in Third-Party Surveys**

**Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation**

A student will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent;
- Mental or psychological problems of the student or the student’s family;
- Sex behavior or attitudes;
- Illegal, antisocial, self-incriminating, or demeaning behavior;
- Critical appraisals of individuals with whom the student has a close family relationship;
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers;
- Religious practices, affiliations, or beliefs of the student or parent; or
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in or receive financial assistance under a program.

A parent can inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey, analysis, or evaluation. [For more information, see policy EF(LEGAL).]
“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The Protection of Pupil Rights Amendment (PPRA) requires that a parent be notified when a survey is not funded by the U.S. Department of Education.

A parent has a right to deny permission for his or her child’s participation in:

- Any survey concerning private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA.]

A parent may inspect:

- Protected information surveys of students and surveys created by a third party;
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
- Instructional material used as part of the educational curriculum.

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

Human Sexuality Instruction

As a part of the district’s curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendations for course materials. State law requires that the district provide written notice before each school year of the board’s decision to provide human sexuality instruction.

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) must:

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
• Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections and the emotional trauma associated with adolescent sexual activity;

• Direct adolescents to abstain from sexual activity before marriage as the most effective way to prevent pregnancy and sexually transmitted diseases; and

• If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

Per state law, here is a summary of the district’s curriculum regarding human sexuality instruction: The district curriculum meets the Texas Essential Knowledge and Skills.

A parent is entitled to review the curriculum materials. In addition, a parent may opt-out his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties. A parent may also choose to become more involved with the development of this curriculum by becoming a member of the district’s SHAC. Please see the campus principal for additional information.

**Reciting a Portion of the Declaration of Independence in Grades 3–12**

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes provide:

- Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution, and

- A specific recitation from the Declaration of Independence for students in grades 3–12.

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if:

- A parent provides a written statement requesting that his or her child be excused,

- The district determines that the student has a conscientious objection to the recitation, or

- A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK (LEGAL).]

**Reciting the Pledges to the U.S. and Texas Flags**

A parent may request that his or her child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be made in writing.

State law, however, requires that all students participate in one minute of silence following recitation of the pledges.
Religious or Moral Beliefs
A parent may remove his or her child temporarily from the classroom if a scheduled instructional activity conflicts with the parent’s religious or moral beliefs.

The removal may not be used to avoid a test and may not extend for an entire semester. Further, the student must satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation
A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations,
- Evaluative data such as grades earned on assignments or tests, or
- Results from diagnostic assessments.

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible.

In accordance with state law and policy EC, without parental permission, districts are prohibited from removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered.

Under state law, students with grades below 70 for a reporting period are required to attend tutorial services—if the district offers these services.

[For questions about school-provided tutoring programs, see policies EC and EHBC, and contact the student’s teacher.]

Right of Access to Student Records, Curriculum Materials, and District Records/Policies

Instructional Materials
A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day.
**Notices of Certain Student Misconduct to Noncustodial Parent**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child’s misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

**Participation in Federally Required, State-Mandated, and District Assessments**

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to his or her child’s participation in required assessments.

**Student Records**

**Accessing Student Records**

A parent may review his or her child’s student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,
- Reports of behavioral patterns,
- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with the child, as the term “intervention strategy” is defined by law.
- State assessment instruments that have been administered to the child, and
- Teaching materials and tests used in the child’s classroom.
Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purposes of student records, an “eligible” student is anyone age 18 or older or who attends a postsecondary educational institution. These rights, as discussed here and at Objecting to the Release of Directory Information on page 23, are the right to:

- Inspect and review student records within 45 days after the day the school receives a request for access;
- Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA;
- Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent; and
- File a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements.

The office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing any personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student’s parents—whether married, separated, or divorced—unless the school receives a copy of a court order terminating parental rights or the right to access a student’s education records.

Federal law requires that control of the records goes to the student as soon as the student:

- Reaches the age of 18,
- Is emancipated by a court, or
• Enrolls in a postsecondary educational institution.

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records, without written consent of the parent or eligible student:

• When district school officials have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include:
  o Board members and employees, such as the superintendent, administrators, and principals;
  o Teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff); and
  o District law enforcement [See Policy FL].

• A person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer);

• A parent or student serving on a school committee; or

• A parent or student assisting a school official in the performance of his or her duties.

• “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility to the school and the student; or investigating or evaluating programs.

• To authorize representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General’s office, the U.S. Attorney General’s office, the U.S. Secretary of Education, the Texas Education Agency, the U.S. Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.

• To individuals or entities granted access in response to a subpoena or court order.

• To another school, school district/system, or institution of postsecondary education to which a student seeks or intends to enroll or in which the student is already enrolled.

• In connection with financial aid for which a student has applied or has received.
Humble ISD’s Student Handbook

- To accrediting organizations to carry out accrediting functions.
- To organizations conducting studies for, or on behalf of, the school, in order to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses information it has designated as directory information. [To prohibit this disclosure, see Objecting to the Release of Directory Information on page 23.]

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The superintendent, or designee, is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student’s records should submit a written request to the records custodian identifying the records he or she wishes to inspect.

Records may be reviewed in person during regular school hours. The records custodian or designee will be available to explain the record and to answer questions.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records.

The address of the Superintendent’s office is 10203 Birchridge Drive, Humble, TX 77338.

The address(es) of the principals’ offices are included in the front of this Student Handbook and are available at www.humbleisd.net.

A parent (or eligible student) may inspect the student’s records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student’s privacy rights.

A request to correct a student’s record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the hearing the
records are not amended, the parent or eligible student has 30 school days to place a statement in the student’s record.

Although improperly recorded grades may be challenged, contesting a student’s grade in a course or on an examination is handled through the complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district’s grading guidelines. [See Finality of Grades at FNG(LEGAL), Report Cards/Progress Reports and Conferences on page 115, and Complaints and Concerns on page 53.]

The district’s student records policy is found at policy FL(LEGAL) and (LOCAL) is available from the General Counsel’s Office or on the district’s website at www.humbleisd.net.

Note: The parent’s or eligible student is right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as a teacher’s personal notes about a student shared only with a substitute teacher—do not have to be made available to the parents or student.

**Teacher and Staff Professional Qualifications**

A parent may request information regarding the professional qualifications of his or her child’s teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction,

- Has an emergency permit or other provisional status for which state requirements have been waived, and

- Is currently teaching in the field of discipline of his or her certification.

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.

**Students with Exceptionalities or Special Circumstances**

**Children of Military Families**

The Interstate Compact on Educational Opportunities for Military Children entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements;

- Grade level, course, or educational program placement;

- Eligibility requirements for participation in extracurricular activities;

- Enrollment in the Texas Virtual School Network (TXVSN); and
• Graduation Requirements.

The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:

• Called to active duty,

• On leave, or

• Returning from a deployment of at least four months.

The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent’s return from deployment.

Additional information may be found at Military Family Resources at the Texas Education Agency.

**Parental Role in Certain Classroom and School Assignments**

**Multiple Birth Siblings**

State law permits a parent of multiple-birth siblings (e.g., twins, triplets) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms.

Written requests must be submitted by the 14th day after the students’ enrollment. [See policy FDB(LEGAL).]

**Safety Transfers/Assignments**

A parent may:

• Request the transfer of his or her child to another classroom or campus if the district has determined that the child has been a victim of bullying, including cyberbullying, as defined by Education Code 37.0832. The district will honor the parent’s transfer request and discuss with the family available classroom and campus options.

• Consult with district administrators if the district has determined that his or her child has engaged in bullying and the board has decided to transfer the child to another classroom or campus.

Transportation is not provided for a transfer to another campus. Contact the assistant superintendent of schools at 281-641-8000 for information.

[See Bullying on page 46, policy FDB, and policy FFI.]

• Request the transfer of his or her child to a safe public school in the district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if
the child has been a victim of a violent criminal offense while at school or on school grounds.

[See policy FDE.]

- Request the transfer of his or her child to another district campus if the child has been the victim of sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for the assault. In accordance with policy FDE, if the victim does not wish to transfer, the district will transfer the assailant.

**Service/Assistance Animal Use by Students**

A parent of a student who uses a service/assistance animal because of the student’s disability must submit a request in writing to the principal before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within ten district business days.

**A Student in the Conservatorship of the State (Foster Care)**

A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year.

The district will grant partial course credit by semester when the student only passes one semester of a two-semester course.

A student in the conservatorship of the state who is moved outside the district’s or school’s attendance boundaries—or who is initially placed in the conservatorship of the state and moved outside the district’s or school’s boundaries—is entitled to remain at the school the student was attending prior to the placement or move until the student reaches the highest grade level at that particular school.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request a diploma from the previous district if the student meets its graduation criteria.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student’s 18th birthday, the district will:

- Assist the student with the completion of applications for admission or financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-sponsored scholarships;
- Identify whether the student is a candidate for appointment to a military academy;
• Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS); and

• Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state.

[See also Credit by Examination for Advancement/Acceleration on page 58, Course Credit on page 58, and Students in Foster Care on page 127 for more information.]

**A Student Who is Homeless**

Children who are homeless will be provided flexibility regarding certain district provisions, including:

• Proof of residency requirements;

• Immunization requirements;

• Educational program placement, if the student is unable to provide previous academic records, or misses an application deadline during a period of homelessness;

• Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules;

• Awarding partial credit when a student passes only one semester of a two-semester course);

• Eligibility requirements for participation in extracurricular activities; and

• Graduation requirements.

Federal law allows a homeless student to remain enrolled in the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

If a homeless student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request to receive a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

[See also Credit by Examination for Advancement/Acceleration on page 58, Course Credit on page 58, and Students Who Are Homeless (All Grade Levels) on page 127 for more information.]
A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school’s overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student’s initial evaluation and evaluation report no later than 45 school days from the day it receives a parent’s written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent’s consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more
days during the evaluation period, the June 30 due date no longer applies. Instead, the general
timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report
at no cost.

Additional information regarding special education is available from the school district in a

Contact Person for Special Education Referrals
The designated person to contact regarding options for a student experiencing learning
difficulties or regarding a referral for evaluation for special education services is the Chief of

Section 504 Referrals
Each school district must have standards and procedures in place for the evaluation and
placement of students in the district’s Section 504 program. Districts must also implement a
system of procedural safeguards that includes:

• Notice,

• An opportunity for a parent or guardian to examine relevant records,

• An impartial hearing with an opportunity for participation by the parent or guardian and
representation by counsel, and

• A review procedure.

Notification to Parent of Intervention Strategies for Learning Difficulties Provided to Student in General Education

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education.

A Student Who Receive Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus—if the grade level for the transferring student is offered on that campus.

The student receiving special education services would be entitled to transportation; however, the district is not required to provide transportation to other children in the household.

The parent or guardian should contact the school principal regarding transportation needs prior to requesting a transfer for other children in the home. [See policy FDB(LOCAL).]

A Student Who Speaks a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English.

If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

A Student with Physical or Mental Impairments Protected Under Section 504

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law - and who does not otherwise qualify for special education services - may qualify for protections under Section 504 of the Rehabilitation Act.

Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine if the student is in need of services and supports under Section 504 to receive a free appropriate public education (FAPE), as this is defined in federal law.

Section II: Other Important Information for Students and Parents

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student’s age or grade level. Should you be unable to find the information on a particular topic, please contact the campus principal.

Absences/Attendance

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a student’s attendance affects the award of a student’s final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Between Ages 6 and 19

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.
Prekindergarten and Kindergarten

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

Exemptions to Compulsory Attendance

All Grade Levels

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining U.S. citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student’s arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
  - An activity required under a court-ordered service plan; or
  - Any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

As listed in Section I at Children of Military Families, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. [See on page 32 for that section.]

Secondary Grade Levels

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

An absence will also be considered an exemption if a student 17 years of age or older is pursuing enlistment in a branch of the U.S. armed services or Texas National Guard, provided the absence does not exceed four days during the period the student is enrolled in high school and the student provides verification to the district of these activities.
Absences of up to two days in a school year will also be considered an exemption for a student serving as:

- An early voting clerk, provided the district’s board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; and

- An election clerk, if the student makes up any work missed.

An absence of a student in grades 6–12 for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran will also be excused by the district.

**Failure to Comply with Compulsory Attendance**

**All Grade Levels**

All Grade Levels School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

**Students with Disabilities**

If a student with a disability is experiencing attendance issues, the student’s ARD committee or Section 504 committee will be notified, and the committee will determine whether the attendance issues warrant an evaluation, a re-evaluation, and/or modifications to the student’s individualized education program or Section 504 plan, as appropriate.

**Age 19 and Older**

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student’s enrollment, the district may implement a behavior improvement plan.

**Between Ages 6 and 19**

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor the student’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or
other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is the Director of Evaluations and who can be reached at (281) 641-8128. If you have questions about your student and the effect of his or her absences from school, please contact the facilitator or any other campus administrator.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12–18 incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policy FEA(LEGAL).]

**Attendance for Credit or Final Grade (Kindergarten–Grade 12)**

To receive credit or a final grade in a class, a student in kindergarten–grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
• In reaching a decision about a student’s absences, the committee will attempt to ensure that it is in the best interest of the student.

• The committee will review absences incurred based on the student’s participation in board-approved extracurricular activities. These absences will be considered by the attendance committee as extenuating circumstances in accordance with the absences allowed under FM(LOCAL) if the student made up the work missed in each class.

• The committee will consider the acceptability and authenticity of documented reasons for the student’s absences.

• The committee will consider whether the absences were for reasons over which the student or the student’s parent could exercise any control.

• The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.

• The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee’s decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

**Official Attendance-Taking Time (All Grade Levels)**

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day.

Each school determines its own attendance time that will be announced at the beginning of the school year. This information will also be published on the school website. Students not in attendance during the official attendance time will be marked absent.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

**Documentation after an Absence (All Grade Levels)**

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note.
The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused. **Note:** Unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

**Doctor’s Note after an Absence for Illness (All Grade Levels)**

Upon return to school, a student absent for more than 3 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school. Otherwise, the student’s absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student’s absence from school in order to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

**Driver License Attendance Verification (Secondary Grade Levels Only)**

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student’s attendance records and, in certain circumstances, for a school administrator to provide the student’s attendance information to DPS. A verification of enrollment (VOE) and attendance form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

**Accountability under State and Federal Law (All Grade Levels)**

Humble ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district’s financial management report, which will include the financial accountability rating assigned to the district by TEA; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.
Humble ISD’s Student Handbook

This Information can be found on the district’s website at www.humbleisd.net. Hard copies of any reports are available upon request to the district’s administration office.

TEA also maintains additional accountability and accreditation information at TEA Performance Reporting Division and the TEA homepage.

**Armed Services Vocational Aptitude Battery Test**
A student in grades 10-12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

Please contact the principal for information about this opportunity.

**Bullying (All Grade Levels)**
Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student or of damage to the student’s property;
- Is sufficiently severe, persistent, or pervasive enough that the action of threat creates an intimidating, threatening, or abusive educational environment for the student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by state law as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:

- Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
- Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
- Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student’s educational opportunities
or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism. If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. A student may report an alleged incident of bullying by contacting any staff member, completing the Student Complaint Form located at www.humbleisd.net, or making an anonymous report through Humble ISD’s mobile iHelp application.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student’s parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. [See Safety Transfers/Assignments on page 33.]

A copy of the district’s policy is available in the principal’s office, Superintendent’s office, and on the district’s website, and is included at the end of this handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district’s website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See Safety Transfers/Assignments on page 33, Dating Violence, Discrimination, Harassment, and Retaliation on page 60, Hazing on page 91, policy FFI, the district’s Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]
Career and Technical Education (CTE) Programs (Secondary Grade Levels Only)

The district offers career and technical education programs in the following areas: Agriculture, arts and audio visual production, hospitality and tourism, information technology, law and public safety, human services, education and training, business, finance, health science, engineering, manufacturing, marketing, and transportation.

Admissions to these programs is based on student interest and an application process, if applicable to a particular program.

It is the policy of the district not to discriminate on the basis of race, color, national origin, sex, or handicap in its vocational programs, services or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

[See Nondiscrimination Statement on page 108 for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator, who will address certain allegations of discrimination.]

Celebrations (All Grade Levels)

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child’s or grandchild’s classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child’s teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

[See Food Allergies on page 93.]

Elementary

Students in pre-kindergarten through second grade are allowed to have up to 3 class parties each year. Students in grades three through five are allowed to have 2 class parties each year – Winter Holiday and Valentine’s Day. These parties are to be held the last part of the instructional day.

- All parties and campus celebrations must have the authorization of the building principal.
• Parties for teachers or individual pupils will not be permitted during school hours.

End-of-year activities for fifth graders may be conducted under the following guidelines:

• The activity must be held on school property or adjacent greenbelt or parkland during school hours.

The activity must have the full approval of the campus principal.

Invitations to parties held outside of school, or events hosted or sponsored by parents cannot be distributed at school.

**Child Sexual Abuse, Trafficking, and Other Maltreatment of Children (All Grade Levels)**

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at [www.humbleisd.net](http://www.humbleisd.net). Trafficking includes both sex and labor trafficking.

**Warning Signs of Sexual Abuse**

Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child’s mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child.

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

A child who has been or is being sexually abused may exhibit physical, behavioral, or emotional warning signs, including:

• Difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches;
• Verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior; or
• Withdrawal, depression, sleeping and eating disorders, and problems in school.

Be aware that children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination, Harassment, and Retaliation on page 58.]
Warning Signs of Trafficking

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services.

Traffickers are often trusted members of a child’s community, such as friends, romantic partners, family members, mentors, and coaches, although traffickers frequently make contact with victims online.

Possible warning signs of sexual trafficking in children include:

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude;
- Sudden appearance of expensive items (for example, manicures, designer clothes, purses, technology);
- Tattoos or branding;
- Refillable gift cards;
- Frequent runaway episodes;
- Multiple phones or social media accounts;
- Provocative pictures posted online or stored on the phone;
- Unexplained injuries;
- Isolation from family, friends, and community; and
- Older boyfriends or girlfriends.

Additional warning signs of labor trafficking in children include:

- Being unpaid, paid very little, or paid only through tips;
- Being employed but not having a school-authorized work permit;
- Being employed and having a work permit but clearly working outside the permitted hours for students;
- Owing a large debt and being unable to pay it off;
- Not being allowed breaks at work or being subjected to excessively long work hours;
- Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss;
- Not being in control of his or her own money;
- Living with an employer or having an employer listed as a student’s caregiver; and
- A desire to quit a job but not being allowed to do so.

Reporting and Responding to Sexual Abuse, Trafficking, and Other Maltreatment of Children

Anyone who suspects that a child has been or may be abused, trafficked, or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Children may be more reluctant to disclose sexual abuse
than physical abuse and neglect and may only disclose sexual abuse indirectly. As a parent or trusted adult, it is important to be calm and comforting if your child or another child confides in you. Reassure the child that he or she did the right thing by telling you.

If your child is a victim of sexual abuse, trafficking, or other maltreatment, the school counselor or principal will provide information on counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs.

To find out what services may be available in your county, see Texas Department of Family and Protective Services, Programs Available in Your County.

Reports of abuse, trafficking, or neglect may be made to the CPS division of the DFPS at 1-800-252-5400 or on the web at Texas Abuse Hotline Website).

**Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)**

- Senior class rank shall be determined by adding all grade points earned from the first day of the school year of the freshman year through the last day of the third nine-week grading period of the senior year. High school courses taken in summer school after completing grade 8 shall be included when determining senior class rank as shall high school courses taken at Humble ISD high schools prior to the 9th grade year. All courses except aide positions shall be included in the calculations;

- For students who meet all graduation requirements prior to graduation, GPA shall be determined during the eighth semester or the semester of graduation, whichever comes first.

- The total number of grade points shall be divided by the total number of all semester grades earned, including all failing marks, correspondence courses, and summer school;

- In computing grade points, only traditional marks shall be used. Marks such as pass/fail or S and U shall be excluded;
• Students who are denied credit because of excessive absences shall have both the course and the grade counted in computing the grade point average (GPA);

• Weighted grade points shall be used to compute class rank. Numerical grades shall be awarded for all courses. The number of grade points earned for a particular numeric grade in on-level courses or in advanced courses shall be different. The grade point scale by level of course shall be published annually in the Humble ISD High School Course Guide;

• All grades from other schools shall be converted to the District’s grade equivalent. If a student took advanced courses in another district that are not offered in the District, these courses shall be treated as on-level courses when determining class rank but shall be noted as advanced courses on the transcript; and;

• The average of the third nine-week grades shall be counted as the semester grade for senior class rank and final GPA.

• Due to enrollment, academic, disciplinary and course requirements, the highest ranking students may not necessarily be valedictorian or salutatorian. Specific requirements for determining the honor of valedictorian and salutatorian can be found in policy.

[For further information, see policy EIC.]

Class Schedules (Secondary Grade Levels Only)

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day’s schedule.

[See Schedule Changes on page 120 for information related to student requests to revise their course schedule.]

College and University Admissions and Financial Aid (All Grade Levels)

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

• Completes the distinguished level of achievement under the foundation graduation program (a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses); or

• Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.
The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2020 terms or spring 2021 term, the University will admit the top six percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Upon a student’s registration for his or her first course that is required for high school graduation, the district will provide written notice concerning automatic college admission, the curriculum requirements for financial aid, and the benefits of completing the requirements for automatic admission and financial aid. Parents and students will be asked to sign an acknowledgment that they received this information.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See Class Rank/Highest-Ranking Student 50 for information specifically related to how the district calculates a student’s rank in class, and requirements for Graduation on page 81 for information associated with the foundation graduation program].

[See Students in the Conservatorship of the State (Foster Care) on page 34 for information on assistance in transitioning to higher education for students in foster care.]

**College Credit Courses (Secondary Grade Levels Only)**

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), International Baccalaureate (IB), or college preparatory;
- Enrollment in an AP or dual credit course through the Texas Virtual School Network (TXVSN);
- Enrollment in courses taught in conjunction and in partnership with Lone Star College which may be offered on or off campus;
- Enrollment in courses taught at other colleges or universities; and
- Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student’s
grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student’s desired degree plan.

Communications, Automated

Emergency

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency purpose may include early dismissal or delayed opening because of severe weather or another emergency, or if the campus must restrict access due to a security threat. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

[See Safety on page 118 for information regarding contact with parents during an emergency situation.]

Nonemergency

Your child’s school will request that you provide contact information, such as your phone number and e-mail address, in order for the school to communicate items specific to your child, your child’s school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school’s administration office immediately upon a change in your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communications that are closely related the school’s mission, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may apply. If you have specific requests or needs related to how the district contacts you, please contact your child’s principal. [See Safety on page 118 for information regarding contact with parents during an emergency situation.]

Complaints and Concerns (All Grade Levels)

Informal Problem Solving

District policy encourages students and parents to discuss their concerns with the appropriate teacher, principal, or other campus administrator who has the authority to address the concern. Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. The counselor’s office will assist parents in arranging for a teacher to call or to set up a conference. Concerns should be expressed as soon as possible to allow for early resolution of the lowest possible administrative level. Informal resolution shall
be encouraged even after a more formal complaint has been filed, but shall not extend any deadlines except by mutual written consent.

**Formal Problem Solving Process**

For those complaints and concerns that cannot be resolved through the informal process, the parent or student should file a district complaint form within the timelines established in policy **Policy FNG**. A copy of this policy, and the complaint forms, may be obtained from the General Counsel’s office or at [www.humbleisd.net](http://www.humbleisd.net). The policy and form both provide submission instructions. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

**Conduct (All Grade Levels)**

**Applicability of School Rules**

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

**Campus Behavior Coordinator**

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. Humble ISD designates the principal of the campus, and each associate principal and assistant principal to serve as the campus behavior coordinators. The district maintains a current list of the persons serving as the campus behavior coordinator on the district’s website at [www.humbleisd.net](http://www.humbleisd.net).

**Deliveries**

Except in emergencies, delivery of messages or packages to students will not be allowed during instruction time. A parent may leave a message or a package, such as a forgotten lunch, for the student to pick up from the front office during a passing period or lunch.

**Disruptions of School Operations**

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by state law, disruptions include the following:
- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.

- Interference with an authorized activity by seizing control of all or part of a building.

- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.

- Use of force, violence, or threats to cause disruption during an assembly.

- Interference with the movement of people at an exit or an entrance to district property.

- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.

- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.

- Interference with the transportation of students in vehicles owned or operated by the district.

**Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

**Counseling**

The district has a comprehensive school counseling program that includes:

- A guidance curriculum to help students develop their full educational potential, including the student’s interests and career objectives;

- A responsive services component to intervene on behalf of any student whose immediate personal concerns or problems put the student’s continued educational, career, personal, or social development at risk;
• An individual planning system to guide a student as the student plans, monitors, and manager the student’s own educational, career, personal, and social development; and
• Systems to support the efforts of teachers, staff, parents, and other members of the community in promoting the educational, career, personal, and social development of students.

The district will make a preview of the program, including all materials and curriculum, available to parents to review during school hours.

**Educational & Career Counseling**

**Elementary and Middle/Junior High School Grade Levels**

The school counselor will provide information to students and parents to talk about college and university admissions and the importance of planning for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

**High School Grade Levels**

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor will also provide information each year a student is enrolled in high school regarding:

• The importance of postsecondary education;
• The advantages of earning an endorsement and completing the foundation program with the distinguished level of achievement;
• The disadvantages of pursuing a high school equivalency exam (GED) as opposed to earning a high school diploma;
• Financial aid eligibility and how to apply for financial aid;
• Automatic admission to state-funded Texas colleges and universities;
• Eligibility requirements for the TEXAS Grant;
• Availability of district programs that allow students to earn college credit
Availability of tuition and fee assistance for postsecondary education for students in foster care; and

Availability of college credit awarded by institutions of higher education to veterans and military service members for military experience, education, and training.

**Personal & Social Counseling (All Grade Levels)**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should contact the school counselor or another trusted staff member. As a parent, if you are concerned about your child’s mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

If your child has experienced trauma, contact the school counselor for more information.

[See Substance Abuse Prevention and Intervention on page 108 and Suicide Awareness and Mental Health Support on page 109, and Child Sexual Abuse and Other Maltreatment of Children and Dating Violence on page 60.]

**Course Credit (Secondary Grade Levels Only)**

A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student’s grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student’s combined average be less than 70, the student will be awarded credit only for the half (semester) with the passing grade.

**Credit by Examination—If a Student Has Taken the Course/Subject (All Grade Levels)**

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal, counselor or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district’s board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.”

If the student is granted approval to take an examination for this purpose, the student must score at least 70 on the examination to receive credit for the course or subject.
The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination.

[For further information, see the school counselor and policy EHDB(LOCAL).]

**Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject**

A student will be permitted to take an examination to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement or to accelerate to the next grade level. The examinations offered by the district are approved by the district’s board of trustees. The dates on which examinations are scheduled during the 2020-21 school year will be published in appropriate district publications and on the district’s website. The only exceptions to the published dates will be for any examinations administered by another entity besides the district or if a request is made outside of these time frames by a student experiencing homelessness or by a student involved in the foster care system. When another entity administers an examination, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific examination only once.

If a student plans to take an examination, the student (or parent) must register with the school counselor no later than 30 days prior to the scheduled testing date. [For further information, see policy EHDC.]

**Students in Elementary Grades**

A student enrolling in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each exam in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student’s parent gives written approval of the grade advancement. Students enrolling in all grade levels shall be subject to district enrollment requirements.

**Students in Grades 6–12**

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the examination, a scaled score of 50 or higher on an examination administered through the CLEP, or a score of 3 or higher on an AP examination, as applicable. A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable examination before the beginning of the school year in which the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.
**Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person’s race, color, religion, gender, national origin, disability, or any other basis prohibited by law. A copy of the district’s policy is available in the principal’s office and in the Superintendent’s office www.humbleisd.net. [See policy FFH.]

**Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student’s family members, or members of the student’s household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student’s current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

**Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law that negatively affects the student.

**Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an
intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.

**Disability Harassment**

Disability harassment is defined as conduct based on a student’s disability. Examples of disability harassment may include derogatory language, offensive jokes, name calling, slurs, or rumors directed at a student that is sufficiently severe, pervasive or persistent that it affects, interferes with or limits the ability of the student to participate in or benefit from the school’s educational program. [See policy FFH.]

**Racial Harassment**

Racial harassment is defined as conduct based on a student’s race, color or national origin. Such harassment may be perpetrated by a member of the staff, a student, or a third party. Examples of racial harassment may include derogatory language, offensive jokes, name calling, slurs or rumors directed at a student’s race, color, or national origin that is sufficiently severe, pervasive or persistent that it affects, interferes with or limits the ability of the student to participate in or benefit from the school’s educational program. [See policy FFH.]

**Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child’s hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.
Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

**Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

**Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student’s parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

**Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law.
Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency’s investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district’s investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

**Discrimination**

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 60.]

**Distance Learning**

**All Grade Levels**

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

The distance learning opportunities that the district makes available to district students are the Texas Virtual School Network and correspondence courses through Texas Tech University.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TXVSN), as described below, in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.
Texas Virtual School Network (TXVSN) (Secondary Grade Levels)

The Texas Virtual School Network (TXVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation.

Depending on the TXVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See Extracurricular Activities, Clubs, and Organizations 71.] In addition, for a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TXVSN course, please contact the school counselor. Unless an exception is made by the campus principal, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the campus counselor.

Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Nonschool Materials

From Students

Students must obtain prior approval from the campus principal before selling, posting, circulating, or distributing more than 10 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The campus principal will designate the location for approved nonschool materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to
disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See FNG (LOCAL) for student complaint procedures.]

**From Others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA and related District procedures. To be considered for distribution, any nonschool material must be in compliance with district policy and procedures, include the name of the sponsoring person or organization, and be submitted to the Community Development Department for prior review. The Community Development Department will approve or reject the materials within one week of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The campus principal may designate the location for approved nonschool materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, to the extent permitted by law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

**Dress and Grooming (All Grade Levels)**

The district’s dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student’s personal dress and grooming standards, provided that they comply with the following during instructional time:

- District-issued student identification badges shall be worn by all middle and high school students.
- Hair
Humble ISD’s Student Handbook

- Hair must be neat, clean and well groomed. Hair style/color must not create disruptions or distraction.
- Head sweat bands, hair rollers, or long handled combs may not be worn in the hair.

- No type of head covering, cap or hat is to be worn or brought to school except as otherwise permitted by district policy (i.e. religious purposes).

  - Any form of dress or grooming that attracts undue attention, disrupts school, is considered gang related, or detracts from the learning process is unacceptable.
  - No sleepwear is to be worn at school.
  - Dresses, skirts, fashion slits, and holes higher than mid-thigh are not permitted.
  - Spaghetti straps, tube tops, leotards and halter tops are not to be worn as outer garments.
  - Excessively loose or tight garments are not acceptable; all clothing should be appropriately fit.

The midriff must not be exposed when a student goes through the normal activities of a school day (bending, stretching, reaching, etc.)

- Make-up is not permitted at the elementary level.
- Tattoos must be covered.

- Piercings:
  - Students may wear earrings.
  - No other piercings are allowed.
Exceptions to the Humble ISD dress code due to medical reasons must be approved by the grade level principal.

If the principal determines that a student’s grooming or clothing violates the school’s dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

**Electronic Devices and Technology Resources (All Grade Levels)**

*Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones*

The District believes technology is a powerful tool that enhances learning and enables students to access vast amounts of academic resources. The District’s goal is to increase student access to digital tools and facilitate immediate access to technology-based information, in the same way that students utilize pen and paper. To this end, the District will open a filtered, wireless network through which students in specific age groups will be able to connect technology devices. Students using district owned or personal technology devices must follow the guidelines stated in this document while on school property, attending any school-sponsored activity, or using the Humble ISD network. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). Violations of the user agreement may result in withdrawal of privileges and other disciplinary action. All devices must be turned off during the instructional period except for approved educational purposes.

- **High School** – Students are allowed to use district or personal technology devices that can access the Internet for educational purposes as determined by the classroom teacher. Students will be allowed to use the device between classes and in the cafeteria setting in a digitally responsible manner.

- **Middle School** – Students are allowed to use district or personal technology devices that can access the Internet for educational purposes as determined by the campus and/or classroom teacher.

- **Elementary** – Students are allowed to use district or personal technology devices that can access the Internet for educational purposes as determined by the campus and/or classroom teacher.

When utilizing the district Wi-Fi, students are expected to adhere to the following:

- The district is not responsible for any content accessed by users who bypass the district Internet filter by connecting to the Internet via their personal cellular network (e.g., 3G, 4G service) instead of through the district Wi-Fi.
• Users are responsible for backing up their personal data and other important files regularly.
• Those who use district-owned and maintained technologies to access the Internet at home are responsible for the set-up and cost of home Internet service.

Student personal electronic devices may be confiscated by appropriate District personnel when disruptive to the educational environment, or to investigate alleged violations of the Student Code of Conduct or Parent/Student Handbook. Confiscated telecommunications devices that are not retrieved by the student or the student’s parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student’s personal telecommunications device may be searched by authorized personnel. [See Searches on on page 122 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

**Possession and Use of Other Personal Electronic Devices**
Except as described below, students are not permitted to possess or use personal electronic devices such as video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, District personnel may collect the items and turn them in to the principal’s office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student’s personal electronic device may be searched by authorized personnel. [See Searches on page 122 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

**Acceptable Use of District Technology Resources**
District-owned technology resources for instructional purposes may be issued to individual students. Use of these technological resources, which include the district’s network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

**Unacceptable and Inappropriate Use of Technology Resources**
Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal. This prohibition also applies to conduct off school
property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined in accordance with the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child ‘Before You Text’ Sexting Prevention Course, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district’s computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

**End-of-Course (EOC) Assessments**
[See Graduation 4 and Standardized Testing on page 125.]

**English Learners (All Grade Levels)**
A student who is an English learner is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student’s parent must consent to any services recommended by the LPAC for an English learner. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

In order to determine a student’s level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student’s continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at Standardized Testing on page 125, may be administered to an English learner for a student up to grade 5. In limited circumstances, a student’s LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to English learners who qualify for services.
Humble ISD’s Student Handbook

If a student is considered an English learner and receives special education services because of a qualifying disability, the student’s ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

Before this status is granted and accepted, a letter of responsibility must be filed with the District and a meeting with the campus principal must be scheduled to review school responsibilities as required by Texas Statutes.

**Continuous Enrollment**

In the event any of the enrollment information (home address, home telephone, work address, guardianship, legal custody, etc.) changes, it is imperative that the school be notified immediately. The school must be able to contact a child’s parents or guardian when the need arises. Proof of new residency must be presented for an address change.

As stated in Sec. 37.10 of the Penal Code (Tampering with Governmental Records) and TEC 25.001(h), a person who knowingly falsifies information on a form required for enrollment of a student in a school district is liable to the district if the student is not eligible for enrollment in the district but is enrolled on the basis of false information. In addition to the penalty under Penal Code 37.10, the person is liable for the period during which the ineligible student is enrolled, for the greater of: (1) the maximum tuition fee the district may charge under Section 25.038; or (2) the amount the district has budgeted for each student as maintenance and operating expenses.

**Food Allergy Information**

[See Food Allergies (All Grade Levels), page 93.]
Foreign Exchange Students

The intent of a foreign exchange program is to provide visiting students the opportunity to learn about the history of the United States, as well as the working of our government. Students should be encouraged to take an active part in the academic process and experience the social activities of the youth in the Humble ISD. The following guidelines will apply to foreign exchange students:

- The local representative from the various programs should contact the principal of the high school to secure approval to place the student within the school and must submit all required documentation concerning each exchange student no later than May 31, prior to the academic year of attendance. A final decision for the following year will be granted by July 15.
- Sponsoring agencies shall meet the requirements of the Council on Standards for International Educational Travel.
- The host family must enroll the exchange student. The area representative may not handle this procedure.
- The exchange student is responsible for providing the month/day/year of all immunizations. Immunization records must be in English.
- Every foreign exchange student will be classified as a junior (11th grade).
- All foreign exchange students will enroll in U.S. Government.
- Foreign exchange students will not be placed in the class ranking.
- Every foreign exchange student is encouraged to be fluent in writing and speaking English, but will not be denied if they have limited skills.
- Any cost for student records required by the foreign exchange program, or country, is the responsibility of the student.
- The district shall administer to a foreign exchange student the state assessments for enrolled courses for which there is a state assessment.
- Foreign exchange students will receive no free or reduced lunch as part of the exchange program.
- Coaches and sponsors of extracurricular activities will be responsible for obtaining and checking proper credentials for participation in each activity.
- If a foreign exchange student is returned to his/her country or is moved to another district, no new foreign exchange student can be sent to replace the student sent home or being moved.
- Humble ISD high schools are limited to no more than five (5) foreign exchange students per campus.

Homeless Students

[See Students Who Are Homeless (All Grade Levels), page 122.]
**Immunization Records**

[See Immunization (All Grade Levels), page 97.]

**Married Students**

Students who are married may also claim legal responsibility for themselves. They must follow the same procedure listed above for eighteen-year-old students. Married students must have a conference with the principal, the assistant principal, or grade level counselor to discuss the new responsibilities of the students and their change of status.

**Pregnant Students**

The state school compulsory attendance law does apply to pregnant students. It is imperative for pregnant students to stay in school in order to: a) satisfy legal attendance requirements; and b) receive credit for school course work. Pregnant students are encouraged to see their counselor to discuss all educational services and the nurse for all health services that are available to them.

**Students Not Citizens of the United States**

Students who are not citizens of the United States will be allowed to enroll in the Humble ISD when they meet all state and local entrance requirements.

**Students with a GED or Previously Graduated**

Students who have earned a General Educational Development (GED) certification will be permitted to enroll in Humble ISD to complete the requirements for a Texas diploma, provided they have met all district enrollment criteria. Students who have graduated and/or completed the minimum requirements for graduation from a public secondary school in Texas or any other state in the united States, or the equivalent in a foreign country, will not be permitted to enroll in Humble ISD.

**Verification of Residence**

For students residing in a house, the lease, deed, utility bill, etc., will suffice. For apartment dwellers, either the lease with parent and student name listed or a letter from the apartment manager is required. If both parent and student live with a relative or friend in Humble ISD, whose residence is not an apartment, the parent and the person with whom they reside must submit a notarized statement verifying the residence. The required form is available from any Humble ISD campus.

**Extracurricular Activities, Clubs, and Organizations (All Grade Levels)**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation
Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the [UIL Parent Information Manual](#); a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or [curriculum@tea.texas.gov](mailto:curriculum@tea.texas.gov).

[See [UIL Texas](#) for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district’s records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

In addition, the following provisions apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement (AP) or International Baccalaureate (IB) course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.

- An ineligible student may practice or rehearse but may not participate in any competitive activity.

- The Humble ISD shall not schedule, nor permit, students to participate in any school-related or sanctioned activities, on or off campus, that would require, permit or allow a student to be absent from class in any course more than 10 days during the school year. Of those 10 days, the maximum number of days allowed for absences due to school-related or sanctioned activities is 9 days in any given semester.

- An absence for participation in an activity that has not been approved will receive an unexcused absence.
• The behavior of Humble ISD students participating in extra-curricular/co-curricular activities will exemplify a positive model for all students whether in the classroom, on the campus, at an extra-curricular/co-curricular function, or off campus at non-school related activities. Participants will not be allowed to engage in serious or inappropriate behaviors and continue to participate in extra-curricular/co-curricular activities, nor will they be allowed to violate the Humble ISD alcohol or drug policy.

**Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior. These documents are maintained by the campus and available upon request to the campus. Where any document is in conflict with the Handbook or Student Code of Conduct, the Handbook/Student Code of Conduct shall prevail.

**Participation in Various Sports**

All students are encouraged to participate in as many sports as their interests, abilities and time will allow. If an athlete wants to drop a sport, he/she MUST do the following:

• Notify the head coach of the desire to drop the sport. This must be done before a new sport can be started.

• After notifying the proper coach, he/she can start the other sport only after the season is over for the sport he/she is quitting.

• An athlete may not change athletic periods without approval from his/her campus athletic coordinator.

**Alcohol &/or Drug Abuse**

Students who violate the Humble ISD alcohol and/or drug policy for the first time will be placed in the Discipline Program. During this time, students may not participate in extracurricular/co-curricular activities until the discipline assignment has been completed.

**Alcohol Abuse**

Students completing their discipline assignment and a minimum of 30 school days removal from the extracurricular/co-curricular activity may return to their activity group. Students holding leadership positions may be removed from that position. Removal from leadership positions will be determined by a principal and sponsor/coach. Disciplinary actions identified in extracurricular/co-curricular handbooks, charters and constitutions may be applied beyond the actions prescribed by the Student Code of Conduct.
Members of activity groups who commit a second alcohol offense will be ineligible to participate in extracurricular/co-curricular activities for a period of one calendar year. Students being removed will be denied any and all privileges of the activity, as well as any honors that may have been earned.

Members of activity groups involved in an alleged non-school related alcohol incident/behavior, which can be validated, will be suspended from extracurricular/co-curricular participation for a minimum of thirty (30) calendar days and not to exceed sixty (60) calendar days for the first offense.

On the first offense, the suspension time may be reduced by 50 percent upon completion of an approved alcohol awareness course and 10 community service hours per 30 days of original suspension.

A second offense will result in a one year suspension.

A third offense will result in permanent suspension.

**Drug Abuse**

Students who violate the Humble ISD drug policy for the first time will be placed in the Discipline Program. During this time, students may not participate in extracurricular/co-curricular activities until the discipline assignment has been completed.

Students who are being removed due to a drug violation will also be denied any privilege or honors they may have earned while a member of an activity group. Disciplinary actions identified in extracurricular handbooks, charters and constitutions may be applied beyond the actions prescribed by the Student Code of Conduct.

Members of activity group who commit a second drug offense will be ineligible to participate in extracurricular/co-curricular activities for a period of one calendar year. Students being removed will be denied any and all privileges of the activity, as well as any honors they may have earned.

Members of activity groups involved in an alleged non-school related drug incident/behavior, which can be validated, will be removed from extracurricular/co-curricular participation for a period of 90 to 180 calendar days.

On the first offense, the suspension time may be reduced by 50 percent upon completion of approved drug awareness course and 20 community service hours per 30 days of original suspension.

A second offense will result in a one year suspension.

A third offense will result in permanent suspension.

Disclaimer: Students will not be punished academically for disciplinary behavior.
Disruptions/Distractions/Inappropriate Behavior

Behaviors which occur on campus or at a school-related function will be disciplined in accordance with the Student Code of Conduct. Students holding leadership positions may be removed from that position. Removal from leadership positions will be determined by a principal and sponsor/coach. Disciplinary actions identified in extracurricular/co-curricular handbooks, charters and constitutions may be applied beyond the actions prescribed by the Student Code of Conduct.

If the discipline results in a suspension, in-school suspension or off-campus assignment to a DAEP, the student may not participate in the extracurricular/co-curricular activity until the discipline assignment has been completed.

Non-school Related Incidents/Behaviors, Validation of

Only the following types of validated non-school related information will be considered by the Review Committee:

- Student coming forward and admitting his/her use of alcohol or drugs.
- Student receiving a ticket/citation (such as a MIP or DWI/DUI) that is properly presented by a law enforcement agency.
- Photographic evidence of a student in possession of a drug or alcoholic beverage/container.

Non-school Related Incidents/Behaviors, Limitations Regarding Determination of

Information submitted anonymously will not be considered by the Review Committee.

Any and all student information presented to and/or considered by the Review Committee is protected by FERPA.

Only incidents/behaviors occurring in or associated with the current school year will be considered by the Review Committee.

The student code of conduct for extracurricular and co-curricular activities applies to all clubs, organizations, and athletic groups. The policy also applies to all persons holding the position of a class officer. For further information concerning the Humble ISD Alcohol and Drug Policy, see the Student Code of Conduct, Conduct Violations. The Student Code of Conduct supersedes all extracurricular and co-curricular activities’ written policies, charters, and constitutions.

Review Committee

All alleged non-school alcohol and drug-related incidents/behaviors that can be validated will be considered by the Review Committee. The Review Committee will consist of the building principal, sponsor/coach, campus coordinator and district-level director/administrator. The student and/or parent will be provided an opportunity to address the Review Committee.
regarding the alleged incident/behavior. The length of any student suspension or removal from extracurricular activities will be determined by the Review Committee. A decision by the review committee may be appealed to the Deputy Superintendent.

**Secret Societies**

Students will not become members of any organization composed of students of public schools which seeks to perpetuate itself by taking in additional members on the basis of the decision of its membership, rather than upon the free choice of any student in the school who qualified under the rules of the school to fill the special aims of the organization.

**Sunday Activities**

There will be no Sunday activities that include students. Examples are practices, banquets, parties, meetings or contests. When traveling, arrival and departure are not considered Sunday activities.

**Fees (All Grade Levels)**

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student health and accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
Humble ISD’s Student Handbook

- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A fee not to exceed $50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN). Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the campus principal [For further information, see policy FP.]

**Fundraising (All Grade Levels)**
Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [For further information, see policies FJ and GE.]

**Gang-Free Zones (All Grade Levels)**
Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

**Gender-Based Harassment**
[See Dating Violence, Discrimination, Harassment, and Retaliation on page 60.]

**Grade Level Classification (Grades 9–12 Only)**
After the ninth grade, students are classified according to the number of credits earned toward graduation.

Grading Guidelines

All Levels
Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student’s mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

[See Report Cards/Progress Reports and Conferences on page 117 for additional information on grading guidelines.]

Elementary Guidelines
The Humble ISD affirms its stand on academic emphasis in the grading practices. The actual grade reflecting the student’s relative mastery of an assignment will be recorded and averaged to determine the nine weeks grade.

Students in pre-kindergarten, kindergarten, first and second grades will be evaluated using a developmental continuum. The following grading scale is used in grades 3-5 to assess reading/language arts, mathematics, science and social studies:

- 90 – 100  A
- 80 – 89   B
- 70 – 79   C
- 0 – 69    Failing

The comprehensive performance of students in grades 3-5 will be assessed for physical education, music, penmanship, art, PE conduct, music conduct, and classroom conduct using the following scale:

- E (excellent)
- S (satisfactory)
- N (needs improvement)
- U (unsatisfactory)

Work habits influence academic performance, and thereby influence mastery of the essential elements of the curriculum. The assessment of these learner characteristics is based on teacher observation of established expectations. Social behavior is related to the conduct grade
recorded. Conduct grades are based on the student’s compliance with the Humble ISD Discipline Plan and the rules of the campus and classrooms. Participation plays an important part in computing E, S, N, and U grades.

- **Late Work**
  Assignments and tests must be completed and turned in on the assigned date in order to receive full credit. In an effort for the student’s work to reflect mastery of the content presented in the assignment, no more than 10 total points will be deducted for late work.

- **Re-teaching/Reassessment**
  The intent of Humble ISD’s re-teaching/reassessment policy is to ensure that students have an opportunity to master the District’s curricular objectives. Re-teaching in the District may be integrated into lessons during guided practice and may be a part of the explanation phase when checking for understanding is done. Within a campus-wide process each teacher will determine when re-teaching should be scheduled. For critical skills, it will be done immediately; for recurring skills, it may be deferred.

- **Reassessing Individuals**
  After re-teaching, the teacher may use a variety of reassessment techniques to determine mastery. These techniques may include oral questioning, observation, retesting, demonstration, an additional assignment, or an alternative for the assignment. This applies to all forms of assessment. If a teacher chooses to retest an individual to determine mastery, an average of the two grades or the higher of the two grades shall be used in calculating the grade-cycle average.

- **Reassessing Groups**
  An entire class or group will be retaught and reassessed when the teacher determines that half (50%) or more of the class have failed to perform at mastery level (70%). The higher of the two grades shall be recorded for each class member.

- **Tutorials**
  The purpose of tutorials is to provide additional direct instruction and other assistance for students who are experiencing difficulty in the regular classroom.

**Secondary Guidelines**

- **Grading Scale:**
  - 90 – 100 A
  - 80 – 89 B
  - 70 – 79 C
  - 0 – 69 Failing
• Determining Grades
  Grades are based on combinations of the following:
  o Tests administered during the grading period
  o Notebooks, reports and other class projects
  o Classroom participation, daily work, and homework
  o Quality of work
  o Promptness in fulfilling assignments

  No test or assignment will count more than one-fourth (25%) of the nine-week average.

• Academic Dishonesty
  Cheating on an assignment or test may result in a zero being recorded for that assignment or test. In addition, cheating is considered a conduct violation and is subject to additional disciplinary measures as discussed in the Student Code of Conduct.

• Final Exams
  In high school, final exams will count for 20% of the semester average in all courses except 2nd semester of End-of-Course (EOC) assessed courses. Students in middle school taking high school credit courses that are not EOC-assessed courses will have their finals count as 20% of the semester grade. In courses where no final exams are required or where the student has the opportunity to exempt the final exam, the grades for the nine-week grading periods will be averaged equally. The actual score on the comprehensive final will be recorded to help determine the semester average.

  Final exams will not be given early.

  o Exemption Plan for Final Exams – High School
    • A student must have a grade average of 80 or above in the course for which he/she is seeking a final exam exemption.
    • A student must have no more than three absences in the course for which he/she is seeking a final exam exemption. Absences are counted up the day the exam is administered. School-related absences do not count for purposes of this rule.
    • An exemption from a final exam is not granted if during the semester the student is sent to Saturday class more than once, serves any time at the alternative school, or receives any suspension or expulsion.
    • Any student meeting these criteria may earn exemptions from no more than two final exams in a semester. Students may not be exempt from a final in the same course for consecutive semesters in the same school year.
Humble ISD’s Student Handbook

- Students who register after the fifth day of a semester are not eligible for final exam exemptions. Transfer students have the responsibility to provide attendance and disciplinary information from the previous school to be considered for exemptions.

- Second semester graduating seniors are eligible for exemption from all final exams if all eligibility criteria are satisfied.

- Any student who qualifies for an exemption has the option to take the final exam. The grade received on the exam, however, will be computed in the final semester average. The final exam is weighted at 20% of the semester grade. The numerical average for the 2 nine-week periods will be the semester grade if the student is exempt and does not take a final.

- A student enrolled in dual-credit courses with Lone Star College may not exempt those classes based on the above-mentioned guidelines.

- Note exception to EOC-assessed courses.
  - For courses with an End of Course exam, students will take the semester exam for semester A, but will not take a semester exam for semester B. The five courses with End of Course Exams are Algebra I, English I, English 2, Biology, and US History.
  - Students enrolled in AP courses who take the AP exam and meet all other exemption requirements may be exempt for the final exam for that AP course in addition to standard exemptions.

- Late Work
  Assignments and tests must be completed and turned in on the assigned date in order to receive full credit unless the student has been absent (see Makeup Work on page 103 for more information). In an effort for the student’s work to reflect mastery of the content presented in the assignment, no more than 20 points per day will be deducted for late work.

- Re-teaching/Reassessment
  The intent of Humble ISD’s re-teaching/reassessment policy is to ensure that students have an opportunity to master the District’s curricular objectives. Re-teaching in the District may be integrated into lessons during guided practice and may be a part of the explanation phase when checking for understanding is done. The teacher will determine when re-teaching should be scheduled. For critical skills, it will be done immediately; for recurring skills, it may be deferred.

  After re-teaching, the teacher may use a variety of re-assessment techniques to determine mastery. These techniques may include oral questioning, observation, retesting, demonstration, an additional assignment. This applies to all forms of assessment.
Humble ISD’s Student Handbook

- **Reassessing Individuals**
  Individual campuses have developed re-assessment practices that are supportive of academic achievement. Please visit your student’s campus website for additional information regarding individual re-assessment practices.

- **Reassessing Groups**
  An entire class or group will be re-taught and reassessed when the teacher determines that half (50%) or more of the class have failed to perform at mastery level (70%). The higher of the two grades shall be recorded for each class member.

  This does not apply to final exams.

- **Suspension**
  Students will be permitted to make up assignments missed due to suspension and will receive the grade earned on the makeup work if the work is completed within a reasonable time period as determined by the campus administrator. A zero will be recorded if the student fails to satisfactorily complete the work missed.

**Graduation (Secondary Grade Levels Only)**

**Requirements for a Diploma**

A student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;

- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and

- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE).

**Testing Requirements for Graduation**

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and U.S. History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment, should a student choose this option. [See the school counselor for more information on the state testing requirements for graduation.]
If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See **Standardized Testing** on page 125 for more information.]

**Foundation Graduation Program**

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A personal graduation plan will be completed for each high school student, as described on page 88.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB exam, on certain national college preparatory and readiness or college entrance exams, or for earning a state recognized or nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.

A student is not required to complete an Algebra II course to graduate under the foundation graduation program, and the district will annually notify a student’s parent of this fact. However,
not taking Algebra II will make a student ineligible for automatic admission to four-year public universities and colleges in Texas and for certain financial aid and grants while attending those institutions.

A school district will permit a student to satisfy the curriculum requirements for graduation under the foundation program with the distinguished level of achievement, including an endorsement, by successfully completing courses in the core curriculum of a public Texas institution of higher education. Please see your counselor for more information.

**Credits Required**

The foundation graduation program requires completion of the following credits:

<table>

Additional considerations apply in some course areas, including:

- **Mathematics.** In order to obtain the distinguished level of achievement under the foundation graduation program, which will be included on a student’s transcript and is a requirement to be considered for automatic admission purposes to a four-year Texas college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.

- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the
student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

- **Language other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. A student may satisfy one of the two required credits by successfully completing a dual language immersion program in elementary school in accordance with Texas Administrative Code Chapter 89. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student. Questions please contact the Multi-Lingual Department 281-641-8325.

### Available Endorsements

A student must specify upon entering grade 9 the endorsement he or she wishes to pursue:

- Science, technology, engineering, and mathematics;
- Business and industry;
- Public services;
- Arts and humanities; or
- Multidisciplinary studies.

### Personal Graduation Plans

A personal graduation plan will be developed for each high school student. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student’s personal graduation plan will denote an appropriate course sequence based on the student’s choice of endorsement.

Please also review [TEA’s Graduation Toolkit](#).

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.
Available Course Options for All Graduation Programs

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring in order to enroll in courses for the upcoming school year. **Note:** The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or career and technical education (CTE), the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion will be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

ARD committees for students with disabilities who receive special education services will make instructional and assessment decisions for these students in accordance with state law and rules.

To earn an endorsement under the foundation program, a student must perform satisfactorily on the end of course (EOC) assessments and receive no modified curriculum in the student’s chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

Graduation Activities

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on end-of-course assessments and have not been declared eligible to
graduate by an individual graduation committee, if applicable, will be allowed to participate in graduation activities. However, please keep in mind that participating in the activities and ceremonies is not synonymous with graduating. Ultimately, the final awarding of a diploma will be contingent upon the student’s completion of all applicable requirements for graduation.

**Graduation Speakers**

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See FNA(LOCAL) and the Student Code of Conduct. For student speakers at other school events, see Student Speakers on page 127.]

The District creates a limited public forum consisting of an opportunity for a student to speak at graduation ceremonies. The District sets a maximum time limit and the forum shall be limited in the manner provided by Board Policy FNA(LOCAL). Only students who are graduating and who hold one of the following neutral criteria positions of honor shall be eligible to use the limited public forum: student council president, class president, and the top two academically ranked graduates. The opportunity to speak at graduation is contingent upon the speaker not being suspended, nor currently assigned to a long term disciplinary facility, nor currently involved in a short-term or long term disciplinary placement during the last ten instructional days of the school year.

The subject of the addresses must be related to the purpose of the graduation ceremony, marking and honoring the occasion, honoring the participants and those in attendance, and the student’s perspective on purpose, achievement, life, school, graduation, and looking forward to the future.

The subject must be designated for each student speaker, the student must stay on the subject, and the student may not engage in obscene, vulgar, offensively lewd, or indecent speech, speech that promotes illegal drug use, or speech that is meant to advocate imminent lawless action and is likely to incite or produce such action. The District shall treat a student’s voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student’s voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

A written disclaimer shall be printed in the graduation program that states, “The students who will be speaking at the graduation ceremony were selected based on neutral criteria to deliver messages of the students’ own choices. The content of each student speaker’s message is the private expression of the individual student and does not reflect any position or expression of
Humble ISD’s Student Handbook

the school district or the Board, or the District’s administration, or employees of the District, or the views of any other graduate. The contents of these messages were prepared by the student volunteers, and the District refrained from any interaction with student speakers regarding the student speakers’ viewpoints on permissible subjects.

**Graduation Expenses**

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See Fees on page 79.]

**Scholarships and Grants**

Students who have a financial need according to federal criteria and who complete the foundation graduation program, may be eligible under the TEXAS Grant Program and the Teach for Texas Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

**Harassment**

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 60.]

**Hazing (All Grade Levels)**

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students. Examples include:

- Any type of physical brutality;
- Any type of physical activity that subjects the student to an unreasonable risk of physical or mental harm, such as sleep deprivation, exposure to the elements, confinement to small spaces, or calisthenics;
- Any activity involving consumption of food, liquids, drugs or other substances that subjects the student to unreasonable risk of physical or mental harm;
- Any activity that adversely affects the mental health or dignity of the student, such as ostracism, shame, or humiliation; and
- Any activity that induces, causes, or requires the student to violate the Penal Code.
Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See Bullying on page 46 and policies FFI and FNCC.]

**Health-Physical and Mental**

**Illness (All Grade Levels)**

When your child is ill, please contact the school to let us know he or she won’t be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (DSHS) or our local/regional health authority. The school nurse can provide information from DSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

**Bacterial Meningitis (All Grade Levels)**

See the district’s website at [www.humbleisd.net](http://www.humbleisd.net) for information regarding meningitis.

**Note:** DSHS requires at least one meningococcal vaccination on or after the student’s 11th birthday, unless the student received the vaccine at age 10. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

[See Immunization on page 100 for more information.]
Communicable Disease

Exclusion From School

Humble ISD shall exclude from attendance any child having or suspected of having a communicable condition. Exclusion shall continue until the readmission criteria for the conditions are met. Students excluded for communicable diseases not listed (with the exception of lice) may be readmitted by submitting a certificate from the attending physician attesting that: the child does not currently have signs or symptoms or a communicable disease; or the disease is non-communicable in a school setting; or the child has a permit for readmission issued by a local health authority.

Parents will be notified and students will be sent home if the student has a temperature of 100ºF or above. Student must be free of fever before returning to school. Parents of students with a contagious disease or infection are asked to telephone the school nurse or principal. Students are not allowed to attend school while contagious.
Parental Notification of Communicable Disease
The school nurse will notify the entire campus population, faculty and parents, if there is an occurrence of a reportable communicable disease and has been advised to do so by the Texas Department of State Health Services and/or the Humble ISD administration.

Food Allergies (All Grade Levels)
Parents are required to report if their child has a food allergy by completing the food allergy form during enrollment.

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, based on the Texas Department of State Health Services (DSHS) “Guidelines for the Care of Students with Food Allergies At-Risk for Anaphylaxis” found on the DSHS website at Allergies and Anaphylaxis.

When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district’s food allergy management plan can be accessed at www.humbleisd.net

[See policy FFAF and Celebrations on page 48.]

Life Threatening Food Allergies
Campuses cannot be designated as “peanut free”. A cooperative effort between students and their parents, as well as school staff, will be necessary to minimize risks.

Staff and students will be provided information regarding allergies, to include:

- Recognizing signs and symptoms of allergy
- Steps to be taken to mitigate the reaction
- Training in the management of emergency treatment

No foods may be banned for other students. When it is determined that there is a child with a life threatening food allergy in the classroom, a letter requesting parents to be considerate of a child with food allergies will be provided to parents and will appear on the campus website.

Lice (All Grade Levels)
Head lice, is very common among children. Although not an illness or a disease, it spreads very easily through head-to-head contact during play, sports, or nap time and when children share
things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the school nurse will contact the student’s parent to determine whether the student will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

Notice will also be provided to parents of elementary school students in the affected classroom without identifying the student with lice.

More information on head lice can be obtained from the DSHS website Managing Head Lice. [See policy FFAA.]

In addition, the District Improvement Plan details the district’s strategies to improve student performance through evidence-based practices that address physical and mental health.

The district has developed administrative procedures as necessary to implement the above policies and plans.

Please contact Director of Health Services at 281-641-8422 for further information regarding these procedures and access to the District Improvement Plan.

**Illness & Injury**

Students who are ill or injured at school must be seen by the nurse. Teachers may choose to handle minor injuries in the classroom. The nurse or principal will notify the parent. Students are not permitted to call their parents for release. Child Protective Services will be notified and an ambulance called if the parent does not respond in a reasonable time.

It will be the nurse’s decision to return the student to class or to exclude the student from school. School exclusions include, but are not limited to:

- A temperature of 100° or higher and any of those exclusions previously listed in the *Communicable Disease Exclusion from School* section of this handbook.

**Physical Activity Requirements**

**Elementary School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

For additional information on the district’s requirements and programs regarding elementary school student physical activity requirements, please see the principal.
Middle School
In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters.

For additional information on the district’s requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

Temporary Restriction from Participation in Physical Education
Students who are temporarily restricted from participation in physical education will remain in the class and shall continue to learn the concepts of the lessons but not actively participate in the skill demonstration.

School Health Advisory Council (SHAC) (All Grade Levels)
During the preceding school year, the district’s School Health Advisory Council (SHAC) held 4 meetings. Additional information regarding the district’s SHAC is available from the www.humbleisd.net.

[See policies at BDF and EHAA. See Human Sexuality Instruction on page 25 for additional information.]

Seizures (All Grade Levels)
To address the care of a student with a seizure disorder while at school or participating in a school activity, a parent may submit a seizure management and treatment plan to the district before the beginning of the school year or upon enrollment of the student, or as soon as practicable following a diagnosis of a seizure disorder to the student. For more information, contact the school nurse.

For more information, see “A Student with Physical or Mental Impairments Protected under Section 504” on page 38.

Student Wellness Policy/Wellness Plan (All Grade Levels)
Humble ISD is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy. You are encouraged to contact the campus principal with questions about the content or implementation of the district’s wellness policy and plan.

Other Health-Related Matters (All Grade Levels)
Physical Fitness Assessment (Grades 3–12)
Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is
awarded. At the end of the school year, a parent may submit a written request to campus principal to obtain the results of his or her child’s physical fitness assessment conducted during the school year.

**Vending Machines (All Grade Levels)**

The district has adopted and implemented the state and federal policies and guidelines for food service, including the guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see the www.humbleisd.net. [See policies at CO and FFA.]

**Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)**

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

**Asbestos Management Plan (All Grade Levels)**

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district’s Asbestos Management Plan is available in the superintendent’s office. If you have any questions or would like to examine the district’s plan in more detail, please contact the district’s Environmental Compliance Manager, at (281) 641-8700.

**Pest Management Plan (All Grade Levels)**

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child’s school assignment area may contact the district’s IPM coordinator at (281) 641-8700.
Home Access Center
The Home Access Center provides family access to student grades and attendance information. Refer to your campus website for more information.

Illness
[See Student Illness under Health-Related Matters on page 92.]

Immunization (All Grade Levels)
A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at Affidavit Request for Exemption from Immunization. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; rubella (measles), mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor’s opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student’s family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

As noted at Bacterial Meningitis, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the DSHS website at Texas School & Child-Care Facility Immunization Requirements.]
**Early College High School and Students Taking Classes on College Campuses**

All students attending classes at Quest Early College, or any other college campus, including community colleges, must have a Meningococcal immunization within the past 5 years. The immunization must be administered more than 10 days prior to attendance.

**Immunization Clinics**

All immunizations may be obtained from a private physician or from a county or city health clinic.

Harris County Department of Health, Humble, 1730 Humble Place, Humble, TX 77338  
(281) 446-4222

**Immunizations Received Outside the United States**

Records of vaccinations received outside the U.S. must be adequately documented and comparable to the schedule and dosage recommended by the State of Texas. Foreign immunization records must be legible and officially certified. The District reserves the right to question all documents and request verification of any or all records by the private physician.

**Improvement Planning**

The district and campus improvement plans guide district and campus staff in the improvement of student performance for all student groups in order to attain state standards. Each campus formulates a Campus Improvement Plan (CIP) annually. Goals, objectives, and strategies for improvement are formulated with input from teachers, parents, principals, and others who have responsibility for their implementation. These goals, objectives and strategies will be shared with parents at orientations at the beginning of each school year and can be accessed online through the district’s home page, or your child’s campus website, www.humbleisd.net.

[For further information, see policy FNF(LOCAL)]

**Interrogation by School Officials**

Administrators, teachers and other professional personnel may question a student regarding the student’s own conduct or the conduct of other students. In the context of school discipline, students may not refuse to answer questions based on a right not to incriminate themselves.

Administrators, teachers and other professional personnel may also question a student about their knowledge of a situation in any type of campus investigation that is not specifically about student conduct.

[For further information, see policy FNF(LOCAL)]
Law Enforcement Agencies (All Grade Levels)

**Questioning of Students**
When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, including without parental consent, if necessary, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.

- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.

- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

**Students Taken Into Custody**
State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.

- To comply with the laws of arrest.

- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.

- By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.

- By a law enforcement officer to obtain fingerprints or photographs to establish a student’s identity, where the child may have engaged in conduct indicating a need for supervision, such as running away.

- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.

- By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (TDFS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student’s physical health or safety.

- To comply with a properly issued directive from a juvenile court to take a student into custody.
Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer’s identity and, to the best of his or her ability, will verify the official’s authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student’s release to a law enforcement officer, any notification will most likely be after the fact.

**Notification of Law Violations**

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.

- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policy FL(LEGAL).]

**Leaving Campus (All Grade Levels)**

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a student early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day,
the parent or authorized adult must sign the student back in through the main office upon the student’s return. Documentation regarding the reason for the absence will also be required.

- For students in high school, the same process will be followed. If the student’s parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student’s need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student’s parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student’s parent and document the parent’s wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student’s parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

### During Lunch

All Humble ISD campuses are closed and no students are allowed to leave during lunch without a parent.

### At Any Other Time During the School Day

Students are not authorized to leave campus during school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

### Lost and Found (All Grade Levels)

A “lost and found” collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible
for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

**Makeup Work**

**Makeup Work Because of Absence (All Grade Levels)**

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding “attendance for credit or final grade.” [See *Attendance for Credit or Final Grade* on page 43.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

Students should expect to do more paperwork than those who were in attendance because it is necessary to make up for the classroom experiences missed. The following is offered as a minimum guideline for completing make-up work:

- 1 day absence – makeup work is due 1 day following return to school
- 2 day absence – makeup work is due 2 days after return to school
- 3 day absence – makeup work is due 3 days after return to school
- 4 day absence – makeup work is due 4 days after return to school
- 5 day absence – makeup work is due 5 days after return to school

After a student has been absent for three (3) days, the parent/guardian may request make-up work through the appropriate office designated by the campus.
Students absent more than five (5) days must make arrangements with their teachers for making up the work missed within one week (5 school days) after their return to school.

Late work guidelines also apply to makeup work.

If students are absent on a predetermined due date, the material is due the day the student returns to school.

When in-school suspension or discipline program assignments have been given a predetermined date, no extra days are given for makeup work.

**DAEP Makeup Work**

**Grades 9–12**

A high school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

**In-School Suspension (ISS) and Out-of-School Suspension (OSS) Makeup Work (All Grade Levels)**

**Alternative Means to Receive Coursework**

While a student is in ISS or OSS, the district will provide the student with all course work for the student’s foundation curriculum classes that the student misses as a result of the suspension.

**Opportunity to Complete Courses**

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

**Medicine at School (All Grade Levels)**

Medication that must be administered to a student during school hours must be provided by the student’s parent. All medication, whether prescription or nonprescription, must be kept in the nurse’s office and administered by the nurse or another authorized district employee, unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.
The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

Only authorized employees, in accordance with policy FFAC, may administer:

- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.

- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.

- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request. **Note**: Insect repellant is considered a nonprescription medication.

- Herbal or dietary supplements provided by the parent only if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

For students at the elementary level, the student’s teacher or other district personnel may apply sunscreen and insect repellent to a student’s exposed skin if the student brings the sunscreen and insect repellent to school and requests assistance with the application of the sunscreen or insect repellent. Nothing prohibits a student at this level from applying his or her own sunscreen or insect repellent if the student is capable of doing so.

For students at the secondary level, a student may possess and apply sunscreen or insect repellent when necessary. If the student will need assistance with this application, please address the need for assistance with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen or insect repellent needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.
If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

**Diabetes**

In accordance with a student’s individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

**Medicine Guidelines**

- All medication must be delivered to, and picked up from, the clinic by a parent or authorized adult.
- A parent signature is required for any and all medications to be given at school.
- A physician’s signature is required:
  - for all prescription medications and non-prescription medication given for more than ten (10) consecutive school days, and
  - for all PRN (as needed) medications, given more than four (4) times per month, and
  - for all PRN (as needed) prescription medications.
- All medications must be unexpired and age appropriate.
- Labels must include patient name, medication name, directions for use and date.
- Parental permission to give “missed doses at home” must be in writing but fax and email will be accepted.
- Changes to prescription medication administration, such as dosage and/or time to administer, require a physician’s written order.
- Changes to non-prescription medication administration, such as dosage and/or time to administer, must be provided by the parent and in writing.
- Discontinuance of medication must be writing from the parent and/or physician.
- Medication orders are valid for the current school year/summer school session only.
- First dose of a medication will not be administered at school.

**Mental Health Support (All Grade Levels)**

The district has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention;
• Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making;

• Substance abuse prevention and intervention;

• Suicide prevention, intervention, and postvention (interventions after a suicide in a community);

• Grief, trauma, and trauma-informed care;

• Positive behavior interventions and supports’

• Positive youth development; and

• Safe, supportive, and positive school climates.

If a student has been hospitalized or placed in residential treatment for a mental health condition or substance abuse, the district has procedures to support the student’s return to school. Please contact the district’s mental health liaison for further information.

Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication that is intended to alter perception, emotion, mood, or behavior.

A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professions can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. {See policy FFEB for more information.}

Physical Health Screenings/ Examinations

Athletics Participation (Secondary Grade Levels Only)

For certain extracurricular activities, a student must submit certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- A district athletics program.
- District marching band.
- Any district extracurricular program identified by the superintendent.

This examination is required to be submitted annually to the district.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a previously unsuspected heart disease or disorder. A student may request an electrocardiogram (ECG or EKG) to screen for such disorders, in addition to his or her required physical examination.

For more information, see UIL Texas for additional information on all UIL-governed activities.

Spinal Screening Program

School-based spinal screening helps identify adolescents with abnormal spinal curvature and refer them for appropriate follow-up by their physician. Screening can detect scoliosis at an early stage, when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, see policy FFAA (LEGAL) or contact the school nurse.

Spinal screening is non-invasive and conducted following the most recent, nationally accepted and peer-reviewed standards for spinal screening.

Other Examinations and Screenings (All Grade Levels)

Texas Health Services requires the following health screenings for students:

- Vision & Hearing – Grades P-K, K, 1, 3, 5, 7, and new students entering the district.
- Scoliosis –
  - Female students will screen at ages 10 and 12 only.
  - Male students will screen at ages 13 or 14.
• Diabetes Risk Assessment: Grades 1, 3, 5, 7, & 9.

The following health screenings are recommended by Texas Department of State Health Services (TDSHS):

• Tympanograms: All students in grades Pre-K – 5th grade who fail their initial Puretone test.

• Height, Weight & BMI – Grades Pre-K through 8th grade.

Parents, students and staff may request a screening at any time. Students who fail the screening will receive a referral notice for further evaluation.

A parent/guardian may present proof of vision, hearing, and scoliosis evaluations from private sources, in lieu of this screening.

[See policy FFAA.]

**Pledges of Allegiance and a Minute of Silence (All Grade Levels)**

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See Reciting the Pledges to the U.S. and Texas Flags on page 26.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

**Prayer (All Grade Levels)**

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

**Preparedness Training: CPR and Stop the Bleed**

The district will annually offer instruction in CPR at least once to students enrolled in grades 7 – 12. The instruction can be provided as part of any course and is not required to result in CPR certification.

The district will annually offer students in grades 7-12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see Homeland Security's Stop the Bleed and Stop the Bleed Texas.
Promotion and Retention

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student’s teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.

In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. The student will instead take the corresponding EOC assessment.

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

[See Standardized Testing on page 125.]

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some classified as English learners—may be eligible for exemptions, accommodations, or deferred testing. An admission, review, and dismissal (ARD) committee meeting will be convened if a student receiving special education services in grade 5...
or 8 fails to meet satisfactory performance after the first STAAR administrations in reading or math. For more information, see the principal, school counselor, or special education director.

Parents of a student at or above grade level 3 who does not perform satisfactorily on his or her state-mandated exams will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A Personal Graduation Plan (PGP) will be prepared for any student at the middle school or junior high level who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor and policy EIF(LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.

[For information related to the development of personal graduation plans for high school students, see Personal Graduation Plans on page 88.]

**Elementary Grade Levels**

**Kindergarten – Second Grade**

A student in kindergarten through second grade whose literacy level and/or math level is sufficient for success in that grade is promoted to the next grade. A student whose literacy and/or math level is not sufficient for success in the next grade should have his or her progress reviewed by the campus Grade Placement Committee (GPC) with the decision for placement or retention based on developmental readiness and academic skills.

**Third & Fourth Grade**

A student is promoted when:

- The final grade for reading/language arts is 70 or above. (Formula – 60% reading, plus 40% language arts = Average Reading/Language Arts Grade), AND
- The final grade for mathematics is 70 or above, AND
- Final grade average for reading/language arts, mathematics, science and social studies is 70 or above.

A student who does not meet the above promotion criteria will be referred to the GPC.
Fifth Grade
A fifth grade student is promoted to sixth grade when:

- The student passes the reading and mathematics portions of the fifth grade STAAR, AND
- The final grade for reading/language arts is 70 or above, (Formula - 60% reading, plus 40% language arts = Average Reading/Language Arts Grade), AND
- The final grade for mathematics is 70 or above, AND
- Final grade average for reading/language arts, mathematics, science and social studies is 70 or above.

A fifth grade student who does not meet the above promotion criteria will be referred to the GPC.

Middle/Junior High Grade Levels

Sixth & Seventh Grade
In sixth and seventh grades, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100, based on course level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science and social studies.

Eighth Grade
An eighth grade student is promoted to ninth grade when:

- The student passes the reading and mathematics portions of the eighth grade STAAR, AND
- The final grade for reading/language arts is 70 or above, (Formula - 60% reading, plus 40% language arts = Average Reading/Language Arts Grade), AND
- The final grade for mathematics is 70 or above, AND
- Final grade average for reading/language arts, mathematics, science and social studies is 70 or above.

An eighth grade student who does not meet the above promotion criteria will be referred to the GPC.

High School Grade Levels
To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See Grade Level Classification on page 80.]
Students will also have multiple opportunities to retake EOC assessments. [See Graduation on page 81 and Standardized Testing on page 125 for more information about EOC assessments.]

**Limited English Proficiency Students**

The decision to promote, retain, or place LEP students will be the responsibility of the GPC after consulting with a member of the LPAC Committee.

**Special Education Students**

The decision to promote, retain or place students receiving special education services will be the responsibility of the ARD Committee.

**Appeals to Grade Placement**

The parents of retained placed students can request information from the school counselor regarding the appeals process. Additionally, at certain grade levels, a student, with limited exceptions, will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

**Release of Students from School**

[See Leaving Campus on page 103.]

**Report Cards/Progress Reports and Conferences (All Grade Levels)**

Teachers follow grading guidelines that have been approved by the District Committee of Administrators pursuant to the board-adopted policy and are designed to reflect each student’s relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district’s grading policy. [See policy EIA(LOCAL) and Grading Guidelines on page 81.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within 3 days. The district may use an electronic program to communicate academic information about your child, including for report card and progress reporting purposes. An electronic signature of the parent will be accepted by the district, but you are entitled to request the option to provide a handwritten signature of acknowledgment instead.

[See Working Together on page 110 for how to schedule a conference.]
Elementary Levels

To receive grades, an elementary student must be enrolled one-half of a reporting period, plus one day, so the teacher will have time to fairly evaluate the student.

Progress reports will be sent to parents of students whose grade average is at or near failing or if a grade has declined the equivalent of two letter grades. These reports are sent the middle of each nine-week grading period, or as needed.

Secondary Levels (Middle & High)

Secondary report cards, with each student’s grades or performance and absences in each class or subject, are issued to parents for each nine-week period.

Progress reports will be distributed following the end of the third week and sixth week of each grading period that coincides with the UIL eligibility calendar for all students in each subject.

Retaliation

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 60.]

Safety (All Grade Levels)

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinator, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member. A student may make anonymous reports about safety concerns through the district’s mobile iHelp application.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Although every attempt is made to ensure a safe learning environment for our students, accidents do occur. Parents and guardians should be aware that in the event your child is injured at school, the district does not carry insurance and will not cover the medical expenses for a possible accident, whether at school or at home. At the time your child enrolls, parents will have
the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child. This will be especially important to you if your child is not adequately covered by full health insurance. Even if insurance exists, you may wish to purchase accident insurance to cover deductibles for your current coverage. As you review the brochure, you will note that both at-school and 24 hour protection are offered; benefits under the plan are on a scheduled basis and will not necessarily cover 100% of expenses. Claim forms for the optional student insurance are available at the campus. Questions regarding student insurance can be answered by the Insurance and Benefits Department, (281) 641-8050.

**Insurance for Career and Technical Education (CTE) Programs**

If the board purchases accident, liability, or automobile insurance coverage for students or businesses involved in the district’s CTE programs, the district will notify the affected students and parents.

**Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies**

Occasionally, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Students in grades 7-12 will annually be offered instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see Homeland Security’s Stop the Bleed and Stop the Bleed Texas.

**Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

**Emergency School-Closing Information**

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.
If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways:

- Posting on the campus website
- Email and/or text messages to parents of students attending the campus

[See Communications-Automated, Emergency on page 53 for more information.]

**SAT, ACT, and Other Standardized Tests**
[See Standardized Testing on page 125.]

**Schedule Changes (Middle and High School Grade Levels)**
Students will explore career pathways and will plan their 4 years of high school using the Choice360 website, www.choice360.com, Naviance website, www.naviance.com, or a similarly applicable program. These plans will be reviewed by student and counselor at least annually to ensure that the student is on track for graduation and to make any needed adjustments. Verification sheets containing the next year’s course selections are distributed to students and their families for review prior to the end of the current school year. Course selection must be carefully considered as only course level changes will be made after the school year begins. [Refer to Humble ISD’s Course Guide for further information.]

**School Facilities**

**Use by Students Before and After School (All Grade Levels)**
Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

**Conduct Before and After School (All Grade Levels)**
Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.
Use of Hallways During Class Time (All Grade Levels)
Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Food and Nutrition Services (All Grade Levels)
The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Free and reduced-price meals are available based on financial need or household situation. Information about a student’s participation is confidential; The district may share information such as a student’s name and eligibility status to help enroll eligible children in Medicaid or the state children’s health insurance program (CHIP) unless the student’s parent notifies the district that a student’s information should not be disclosed.

Participating students will be offered the same meal options as their peers and will not be treated differently from their peers.

See humbleisd.net to apply for free or reduced price meal services.

See Policy CO for more information.

Parents are strongly encouraged to continually monitor their child’s meal account balance. When a student’s meal account is depleted, the district will notify the parent. The student will be allowed to continue purchasing meals according to the grace period set by the school board and the district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals. If the district is unable to work out an agreement with the student’s parent on replenishment of the student’s meal account and payment of any outstanding balance, the student will receive a meal. The district will make every effort to avoid bringing attention to the student.

Library (All Grade Levels)
The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure.

Building/Facility Use
In order for any school group to use the school building or its facilities, permission must be obtained from the campus principal. No group will be permitted to use any part of the building without a teacher or custodian assigned to the building. Use of school facilities is governed by board policy.
Any group or organization outside of the school that desires to use any school facility will need to make arrangements through the Central Maintenance Office at (281) 641-8700. Fees may be assigned for this use.

**Meetings of Noncurriculum-Related Groups (Secondary Grade Levels Only)**

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal’s office.

**Parking and Parking Permits (Secondary Grade Levels Only)**

All high school students desiring to park on campus must register their vehicle with the school and follow all parking regulations. Parking on individual campuses may be limited and all parking requires a permit. A student must present a valid driver’s license and proof of insurance to be eligible for a parking permit. Please consult your individual campus prior to enrollment if you have any questions concerning parking.

Students will not be permitted to:

- Speed
- Double-park.
- Park across a white or yellow line.
- Park in a fire lane.
- Sit in parked cars during school hours.

Students may be subject to disciplinary action for violation of these rules. The district may tow cars that are parked in violations of these rules.

Humble ISD is not responsible for damages incurred while cars are parked on district property. Damage to vehicles should be reported to the campus police officer as promptly as possible. Additional information regarding student parking may be found on your student’s high school campus website.

**School-sponsored Field Trips (All Grade Levels)**

The district periodically takes students on field trips for educational purposes.

A parent must provide permission for a student to participate in a field trip.
The district may ask the parent to provide information about a student’s medical provider and insurance coverage, and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need.

Searches

**District Property (All Grade Levels)**

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item – found in district property provided to the student – that is prohibited by law, district policy, or the Student Code of Conduct.

**Searches in General (All Grade Levels)**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may occasionally conduct searches.

District officials may conduct searches of students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion, voluntary consent, or pursuant to district policy providing for suspicionless security procedures.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is a reasonable suspicion to believe that searching a student’s person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

**Metal Detectors (All Grade Levels)**

To maintain a safe and disciplined learning environment, the district reserves the right to subject students to metal detector searches when entering a district campus and at off-campus, school-sponsored activities.

**Trained Dogs (All Grade Levels)**

The district will use trained dogs to search for concealed, prohibited items, including drugs and alcohol. Screenings conducted by trained dogs will not be announced in advance. The dogs will
not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

**Telecommunications and Other Electronic Devices (All Grade Levels)**

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) and *Electronic Devices and Technology Resources* on page 67 for more information.]

**Drug Testing (Secondary Grade Levels Only)**

The District may provide students with learning opportunities in facilities not owned or operated by the District (i.e., hospitals, hotels, and the like). As required by the operating procedures of the outside facility, a student who participates in these voluntary learning activities may be required to submit to drug testing as a condition of participation.

The District shall test students who seek to participate in the programs described above only if the student and parent (if the student is under the age of 18, agree, in writing, to submit to the test.

[See Steroids on page 126.]

**Sexual Harassment**

[See *Dating Violence, Discrimination, Harassment, and Retaliation* on page 60.]

**Special Programs (All Grade Levels)**

The district provides special programs for gifted and talented students, students who are homeless, students in foster care, bilingual students, migrant students, English learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the campus principal.

A student who has or is at risk for dyslexia or a related reading difficulty is eligible to participate in the Texas State Library Archive.
Standardized Testing

Secondary Grade Levels

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate examination to take; these examinations are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note: Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student’s performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8
Successful performance on the reading and math assessments in grades 5 and 8 is required by law in order for the student to be promoted to the next grade level, unless the student is enrolled in a reading or math course intended for students above the student’s current grade level. Exceptions may apply for students enrolled in a special education program if the admission, review, and dismissal (ARD) committee concludes the student has made sufficient progress in the student’s individual education plan (IEP). [See Promotion and Retention on page 113 for additional information.]

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student’s ARD committee.

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

**High School Courses—End-of-Course (EOC) Assessments**

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student’s ARD committee.

An admission, review, and dismissal (ARD) committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student’s personal graduation plan (PNP).

[See Graduation on page 85 for additional information.]

**Steroids (Secondary Grade Levels Only)**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.
Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

**Students in Foster Care (All Grade Levels)**

In an effort to provide educational stability, the district will assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care) with the enrollment and registration process, as well as other educational services throughout the student’s enrollment in the district.

Please contact the district’s foster care liaison, at (281) 641-8408 with any questions.

[See Students in the Conservatorship of the State on page 34 for more information.]

**Students Who Are Homeless (All Grade Levels)**

A parent is encouraged to inform the district if his or her child is experiencing homelessness. District staff can share resources that may be able to assist families.

For more information on services for students who are homeless, contact the district’s homeless education liaison at (281)641-8405.

**Student Speakers (All Grade Levels)**

[See policy FNA(LOCAL) regarding other speaking opportunities and Graduation on page 81 for information related to student speakers at graduation ceremonies.]

**Summer School (All Grade Levels)**

Humble ISD offers summer school programming. Information regarding program enrollment and course offerings may be found in the counselor’s office on each campus.

**Tardies (All Grade Levels)**

Each school has its own tardy practice that will be explained at the beginning of the school year. For additional information, please visit your student’s campus website. Repeated instances of tardiness may result in disciplinary action in accordance with the Student Code of Conduct.

**Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)**

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives.

If the district does not issue graphing calculators for a course requiring their use, a student may use a calculator application with the same functionality as a graphing calculator on a phone, laptop, tablet, or other computing device in place of a graphing calculator.
A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

Instructional materials issued by the District, including textbooks, electronic textbooks and technology equipment, are the property of Humble ISD. Instructional materials are the responsibility of the student to whom they are checked out.

A student must return all instructional materials to the teacher at the end of the school year or when the student withdraws from school.

A student who loses any issued instructional materials, regardless of its condition, will be expected to pay the full replacement price.

**Transfers (All Grade Levels)**

The principal is authorized to transfer a student from one classroom to another. [See Safety Transfers/Assignments on page 33, Bullying on page 46, and Aiding Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services on page 37, for other transfer options.]

**Transfer Students within District, Intra-District Transfers and Schools of Choice Program Application**

Parents who want their children to attend a school in Humble ISD other than their home campus may request permission by completing the General Intra-District Student Transfers and Schools of Choice Program Application. Regulations and deadlines for filing an application will be identified each spring on the District’s website www.humbleisd.net.

The transfer student must follow all rules and regulations of the District, including those for student conduct and attendance. Violations of the District’s rules and regulations may result in revocation of the transfer agreement. It is the responsibility of the parent or guardian to notify the campus of any address change. Any falsification of information is a Class A Misdemeanor and can lead to legal action.

**Transfer Related to Victims of Sexual Assaults or Violent Crimes**

The parents or guardian with the authority to act on behalf of the victim of a sexual assault, or other violent crime, may request transfer within the district. Campus administration will notify the parent or guardian of the victim of their right to transfer no more than 14 days after the occurrence of the crime. The guidelines related to requesting such a transfer may be found in Board Policy FDD(LOCAL). This policy applies to victims of the following crimes:

- Attempted murder under Texas Penal Code Sections 19.02, 19.03, and 15.01 (reported under PEIMS 425 Action Reason Code 17).
Humble ISD’s Student Handbook

- Indecency with a child under Texas Penal Code Section 21.11 (reported under PEIMS 425 Action Reason Code 18).
- Aggravated kidnapping under Texas Penal Code Section 20.04 (reported under PEIMS 425 Action Reason Code 19).
- Assault of student under Texas Penal Code Section 22.01 (a) (1) (reported under PEIMS 425 Action Reason Code 28).

**Transportation (All Grade Levels)**

District supervision is not provided to students after they exit the bus at any grade level.

**School-Sponsored Trips**

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent. [See School-sponsored Field Trips on page 122 for more information.]

**Buses and Other School Vehicles**

The district makes school bus transportation available to all students living two or more miles from school and any students who are homeless. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district’s website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

Students may be picked up and dropped off only at designated bus stops at specific times. If students miss the bus, transportation must be provided by the parents.

A parent may also designate a state-licenses child-care facility or grandparent’s residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact (281) 641-8721.

In an emergency situation, changes in a student’s bus riding schedule for a day, such as riding another bus or getting off at a different stop, must be approved by calling the Transportation Department at (281) 641-8721. The driver will be notified by the Transportation Department of the change in the student’s schedule. Permanent changes must be submitted to the Director of Transportation in writing (P.O. Box 2000, Humble, TX 77347) or e-mail at transportation@humbleisd.net for approval. A note to the bus driver or campus is not sufficient and will not be accepted.
Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver’s directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver’s signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

**Discipline Program Transportation**

Transportation is provided for students placed in the Discipline Program. Note: Parents will need to provide transportation to the Discipline Program for students who have lost bus privileges or did not arrive at the school in time to meet the bus. [See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

**Early Release Days**

On early release days, Pre-Kindergarten students will ride to and from school on the regular assigned bus. Pre-Kindergarten students will be picked up and dropped at their regular bus stop, and an adult whose name appears on the approved pick up list must meet them at the bus stop. Bus information can be obtained from the District’s Transportation Department web page at www.humbleisd.net.
**Pre-Kindergarten Bus Regulations**

Pre-Kindergarten students who are dismissed at 1:50 pm must have an adult whose name appears on the approved pick up list meet them at the bus stop or the child will be returned to the home campus. Campus personnel will notify parents to pick them up. The third time a child is returned to the campus will result in discontinuation of bus-riding privileges for one week. If that child regains bus-riding privileges and is returned to the campus a fourth time, his/her bus-riding privileges may be revoked for the remainder of the school year. Parents will be notified by campus if bus-riding privileges are suspended or revoked.

**Vandalism (All Grade Levels)**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

**Video Cameras (All Grade Levels)**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

Recordings will be treated as protected student records under the Family Educational Rights and Privacy Act (FERPA).

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board, may make a written request for the district to place video and audio recording equipment in certain self-contained special education classrooms. The district will provide notice to you before placing a video camera in a classroom or other setting in which your child receives special education services. For more information or to request the installation and operation of this equipment, speak with the principal, who the district has designated to coordinate the implementation of and compliance with this law. [See EHBAF(LOCAL).]

**Visitors to the School (All Grade Levels)**

**General Visitors**

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and
Humble ISD’s Student Handbook

must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor’s arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

- The person poses a substantial risk of harm to any person; or
- The person behaves in a manner that is inappropriate for a school setting and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL).

[See also Student Code of Conduct.]

Visitors Participating in Special Programs for Students

District high schools may invite representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

[See Appendix II on page 142 for more information.]

Business, Civic, and Youth Groups

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

Volunteers (All Grade Levels)

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact the campus principal for more information and to complete an application. Volunteers who will have regular contact with students may be required to undergo a criminal background check. Volunteers will also be required to comply with applicable policies, procedures, guidelines while volunteering with the district.
**Voter Registration (Secondary Grade Levels Only)**

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

**Withdrawing from School (All Grade Levels)**

When a student under age 18 withdraws from school, the parent or guardian must submit a written request to the principal, specifying the reasons for withdrawal and the final day the student will be in attendance. Withdrawal forms are available from the registrar’s office.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Please provide the school at least three days’ notice of withdrawal so that records and documents may be prepared.

Anyone needing to go beyond the waiting area must register at the office and receive a pass.

Passes must be worn by visitors at all times and returned to the office when the visitor signs out.

All school employees will assist in enforcing the requirement that visitors wear passes.

A person wishing to visit a classroom, whether during instructional time or for a parent/teacher conference, must make arrangements in advance with the principal and the teacher.

When office personnel deem it necessary for a visitor to meet immediately with a classroom teacher without being issued a pass, a member of the office staff will escort the visitor to and from the classroom.

Student Code of Conduct

Accessibility
If you have difficulty accessing the information in this document because of disability, please contact the campus principal.

Purpose
The Student Code of Conduct (“Code”) is the district’s response to the requirements of Chapter 37 of the Texas Education Code.

The Code provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), or expulsion from school and placement in a juvenile justice alternative education program (JJAEP).

This Student Code of Conduct has been adopted by the Humble ISD Board of Trustees and developed with the advice of the district-level committee. This Code provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. It remains in effect during summer school and at all school-related events and activities outside the school year until an updated version adopted by the board becomes effective for the next school year.

In accordance with state law, the Code shall be posted at each school campus or shall be available for review at the office of the campus principal. Additionally, the Code shall be available at the office of the campus behavior coordinator and posted on the district’s website at www.humbleisd.net. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP, expelled to JJAEP, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Student Code of Conduct is adopted by the district’s board of trustees, it has the force of policy; therefore, in case of conflict between the Code and the Student Handbook, the Code shall prevail.

Please note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

Objective and Philosophy
The objective of the Humble Independent School District is to provide students with a quality educational program which encourages the acquisition, exchange, and application of ideas that reflect the values of the community. This objective can be achieved in an environment which promotes cooperation and is free from disruptions which interfere with the educational process. The district recognizes the rights of students as protected under state and federal law, but it also expects students to behave in a responsible manner and to contribute in a positive way to the school
community. Many workshops, programs and proactive plans exist throughout the district to assist students, parents and staffs in establishing safe schools that are conductive to learning. This preventive approach is one that is a shared responsibility of everyone.

Parents and schools share a common objective to guide students to the realization of their highest capabilities. To accomplish that goal, full cooperation between the home and the classroom is essential. Attitudes and habits formed in school usually carry over into the student’s adult life. The emphasis given to school and learning by parents and family is a major factor in determining what those attitudes and habits will be.

Students and their parents have a right to expect teachers and administrators to provide each student with the opportunity to achieve his or her educational goals. Students in turn have a responsibility to help maintain an atmosphere in the school that is conducive to learning.

The Humble Independent School District, working cooperatively with its parents and community, will endeavor to provide a safe, student-centered environment, an environment that will be responsive to the individual needs of each student and will promote a climate of openness and respect. We believe that it is in an environment where parents, community and school work together that the greatest learning will be fostered.

It is hoped that this section of the handbook will help both students and parents to better understand the school program, maximize student learning, and benefit from school experiences. To this end, each campus will provide, at the start of each school year, a review of the District’s Student Code of Conduct.

The District is therefore committed to provide an essential balance between rights and responsibilities that will allow students to develop to their fullest potential.

---

**District Tenets**

**Expected behaviors are taught directly.** Behavior is taught using the same instructional principles that guide academic instruction. Displays of problem behavior are considered opportunities to teach appropriate behavior.

**Learning should be personalized for the student.** The basis of personalization is embedded in creating a culture of strong, healthy, and positive relationships among students, teachers, and staff that invites and values student participation, preferences, and interests.

**Administrators are key in providing visible leadership.** School administrators are active participants in leading these efforts by demonstrating support and providing active guidance to their staffs.
Discipline is a tool. Discipline is an instrument to enhance a student’s academic and social success. Staff members look beyond consequences and reactive strategies. This philosophy challenges educators to embrace discipline as a set of practices that is supportive for students and staff.

Effective discipline is proactive. Staff members actively create environments that support appropriate behavior in each setting. The actions and modeling of adults are critically important components.

Rights & Responsibilities of Parents. Parents, which for the purposes of this plan shall include single parents, legal guardians or persons having lawful control of the student, have the right/responsibility to:

- encourage and lend their child to develop proper study habits at home;
- ensure that their child attends a school tutorial program when required or as the need arises;
- attend parent training workshops when available;
- participate in school-related organizations;
- control their child (under Family Code 33.01, a student’s parent is legally liable for property damage approximately caused by (a) the negligent conduct of the student if such conduct is reasonably attributable to the negligent failure of the parent to exercise that duty, or (b) the willful or malicious conduct of a student who is at least 12 but under 18 years of age.);
- pick up their child from school when requested by school authorities for disciplinary or other reasons;
- provide adequate supervision for their children during periods of suspension or expulsion;

Maintaining an Environment Conducive to Learning

All students are entitled to enjoy the basic rights of citizenship recognized and protected by law for persons of their age and maturity. District schools shall foster a climate of mutual respect for the rights of others. Each student is expected to respect the rights and privileges of other students, teachers and district staff. Students shall exercise their rights responsibly, in compliance with rules established for the orderly conduct of the district’s educational mission. The district’s rules of conduct and discipline are established to achieve and maintain order in the school. Students who violate district or school rules shall be subject to disciplinary measures designed to correct the misconduct.
School District Authority and Jurisdiction

School District Authority and Jurisdiction

2. During lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;

and
11. When the student is required to register as a sex offender.

Campus Behavior Coordinator

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. Humble ISD designates the principal of the campus to serve as the campus behavior coordinator. The campus behavior coordinator is primarily responsible for maintaining student discipline. Humble ISD further designates each associate principal and assistant principal as campus behavior coordinators. For the purposes of the Student Code of Conduct, the designation of principal shall include any campus principal, associate principal and assistant principal. The district maintains a current list of the persons serving as a campus behavior coordinator for each campus, the email address, and telephone number for each on the district’s website at www.humbleisd.net.

School rules and the authority of the district to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

FNF(LOCAL) provides that administrators, teachers, and other professional personnel may question a student regarding the student’s own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.
Threat Assessment and Safe and Supportive School Team

The campus behavior coordinator or other appropriate administrator will work closely with the campus threat assessment safe and supportive school team to implement the district’s threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.

Searches

District officials may conduct searches of students, their belongings, and their vehicles in accordance with state and federal law and district policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner. Refer to the district’s policies at FNG(LEGAL) and FNF(LOCAL) for more information regarding investigations and searches.

The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable suspicion to believe it contains articles or materials prohibited by the district.

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice.

Reporting Crimes

The campus behavior coordinator and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

Security Personnel

To ensure sufficient security and protection of students, staff, and property, the board employs police officers, school resource officers (SROs) and/or security personnel. In accordance with law, the board has coordinated with the campus behavior coordinator and other district employees to ensure appropriate law enforcement duties are assigned to security staff. The law enforcement duties of district peace officers and other security personnel are listed in policy CKE(LOCAL).

“Parent” Defined

Throughout the Code of Conduct and related discipline policies, the term “parent” includes a parent, legal guardian, or other person having lawful control of the child.

Participating in Graduation Activities

The district has the right to limit a student’s participation in graduation activities for violating the district’s Code.

Participation might include a speaking role, as established by district policy and procedures.
Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

- The person poses a substantial risk of harm to any person; or
- The person behaves in a manner that is inappropriate for a school setting, and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL), as appropriate. However, the timelines for the district’s grievance procedures shall be adjusted as necessary to permit the person to address the board in person within 90 days, unless the complaint is resolved before a board hearing.

See DAEP—Restrictions During Placement on page 29, for information regarding a student assigned to DAEP at the time of graduation.
Standards for Student Conduct

Each student is expected to:

- Demonstrate courtesy, even when others do not.

The district may impose campus or classroom rules in addition to those found in the Code. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Code.

**Humble ISD Vehicle Code**

• Students are required to abide by State Law and Campus Driving and Parking Regulations. Any failure to do so will be considered a violation of the Vehicle Code.
• Reckless driving is not permitted.
• Students may park in the student parking lot only. Parking in a fire lane shall be considered the same as parking in a “No-Parking” zone.

• Students will be held responsible under the Student Code of Conduct for any prohibited objects or substances contained in their cars such as alcohol, drugs, and/or weapons and may also be subject to criminal sanctions.
Discipline Management Techniques

Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative practices. Discipline shall be based on the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, the effect of the misconduct on the school environment, and statutory requirements.

Students with Disabilities

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, the district shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF(LEGAL).

In accordance with the Education Code, a student who receives special education services may not be disciplined for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists (see glossary) until an ARD committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

Techniques

The following discipline management techniques may be used alone, in combination, or as part of progressive interventions for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Verbal correction, oral or written.
- Cooling-off time or a brief “time-out period, in accordance with law.”
- Seating changes within the classroom or vehicles owned or operated by the district.
- Temporary confiscation of items that disrupt the educational process.
- Rewards or demerits.
- Behavioral contracts.
- Counseling by teachers, school counselors, or administrative personnel.
- Parent-teacher conferences.
- Behavior coaching.
- Anger management classes.
- Mediation (victim-offender).
- Classroom circles.
• Family group conferencing.
• Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.
• Detention, including outside regular school hours.
• Sending the student to the office or other assigned area, or to in-school suspension.
• Assignment of school duties, such as cleaning or picking up litter.
• Withdrawal of privileges, such as participation in extracurricular activities, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
• Penalties identified in individual student organizations’ extracurricular standards of behavior.
• Restriction or revocation of district transportation privileges.
• School-assessed and school-administered probation.
• Out-of-school suspension, as specified in Out-of-School Suspension on page 23.
• Placement in a DAEP, as specified in DAEP on page 25.
• Placement and/or expulsion in an alternative educational setting, as specified in Placement and/or Expulsion for Certain Offenses on page 32.
• Expulsion, as specified in Expulsion on page 35.
• Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the district.
• Other strategies and consequences as determined by school officials.

Prohibited Aversive Techniques
Aversive techniques are defined by state law. Aversive techniques are prohibited for use with students and are defined as techniques or interventions intended to reduce the reoccurrence of a behavior by intentionally inflicting significant physical or emotional discomfort or pain.

Notification
The campus behavior coordinator shall promptly notify a student’s parent by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student’s parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student’s parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.
Before the principal or appropriate administrator assigns a student under age 18 to detention outside regular school hours, notice shall be given to the student’s parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

**Appeals**

Questions from parents regarding disciplinary measures should be addressed to the teacher, campus administration, or campus behavior coordinator, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG(LOCAL). A copy of the policy may be obtained from the principal’s office, the campus behavior coordinator’s office, the central administration office or at www.humbleisd.net.

The district shall not delay a disciplinary consequence while a student or parent pursues a grievance.
Removal from the School Bus

A bus driver may refer a student to the principal’s office to maintain effective discipline on the bus. The principal must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student’s bus riding privileges.

Since the district’s primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his or her attention distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal may restrict or revoke a student’s transportation privileges, in accordance with law.

School buses in the Humble ISD are equipped with video observation systems (VOS). Students should be aware that their actions and communications could be recorded at any time by the utilization of the VOS and upon review of a student’s action on the recording, a discipline notice may be issued.

In addition to any disciplinary action resulting from violations to the Student Code of Conduct, students may lose bus riding privileges which include suspension for 3 days, suspension for 10 days, and termination of bus riding privileges for the remainder of the year, depending upon the severity and frequency of misconduct.

Any offense resulting in suspension of bus privileges requires parent notification.

[See TRANSPORTATION (All Grade Levels), on page 124 of the 2019-20 Humble ISD Parent/Student Handbook for bus transportation behavioral standards to which students shall be held accountable when taking advantage of bus transportation.]
Removal from the Regular Educational Setting

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

Routine Referral

A routine referral occurs when a teacher sends a student to the campus behavior coordinator’s office as a discipline management technique. The campus behavior coordinator shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for a behavior that violates this Code to maintain effective discipline in the classroom.

Formal Removal

A teacher may also initiate a formal removal from class if:

1. The student’s behavior has been documented by the teacher as repeatedly interfering with the teacher’s ability to teach his or her class or with the student’s classmates’ ability to learn; or
2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the campus behavior coordinator or appropriate administrator shall schedule a conference with the student’s parent; the student; the teacher, who removed the student from class; and any other appropriate administrator.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student of the alleged misconduct and the proposed consequences. The student shall have an opportunity to respond to the allegations.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

A teacher or administrator must remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion shall be followed.

Returning a Student to the Classroom

When a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher’s class without the teacher’s consent.
When a student has been formally removed by a teacher for any other conduct, the student may be returned to the teacher’s class without the teacher’s consent if the placement review committee determines that the teacher’s class is the best or only alternative available.
Out-of-School Suspension

Misconduct

Students may be suspended for any behavior listed in the Code as a general conduct violation, DAEP offense, or expellable offense.

The district shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law.

A student below grade 3 or a student who is homeless shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code Section 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students below grade 3 who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

Process

State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall advise the student of the alleged misconduct. The student shall have the opportunity to respond to the allegation before the administrator makes a decision.

The campus behavior coordinator shall determine the number of days of a student’s suspension not to exceed three school days.

In deciding whether to order out-of-school suspension, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student’s status as homeless.

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and cocurricular activities.

**Coursework During Suspension**

The district shall ensure a student receives access to coursework for foundation curriculum courses while the student is placed in in-school or out-of-school suspension, including at least one method of receiving this coursework that doesn’t require the use of the internet.

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another district learning option, or summer school. The district will not charge the student for any method of completion provided by the district.
Disciplinary Alternative Education Program (DAEP) Placement

The DAEP shall be provided in a setting other than the student’s regular classroom. An elementary school student may not be placed in a DAEP with a student who is not an elementary school student.

For purposes of DAEP, elementary classification shall be kindergarten-grade 5 and secondary classification shall be grades 6-12.

Summer programs provided by the district shall serve students assigned to a DAEP in conjunction with other students.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student’s status as homeless.

Discretionary Placement: Misconduct That May Result in DAEP Placement

A student may be placed in a DAEP for behaviors prohibited in the General Conduct Violations section of this Code.

Misconduct Identified in State Law

In accordance with state law, a student may be placed in a DAEP for any one of the following offenses:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student’s consent.
- Involvement in a public school fraternity, sorority, or secret society, including participating as a member or pledge, or soliciting another person to become a pledge or member of a public school fraternity, sorority, secret society, or gang. (See glossary.)
- Involvement in criminal street gang activity. (See glossary.)
• Any criminal mischief, including a felony.
• Assault (no bodily injury) with threat of imminent bodily injury.
• Assault by offensive or provocative physical contact.

In accordance with state law, a student may be placed in a DAEP if the superintendent or the superintendent’s designee has reasonable belief (see glossary) that the student has engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses in Title 5 (see glossary) of the Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student’s presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus behavior coordinator may, but is not required to, place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

**Mandatory Placement: Misconduct That Requires DAEP Placement**

A student must be placed in a DAEP if the student:

• Engages in conduct relating to a false alarm or report (including a bomb threat) or a terrorist threat involving a public school. (See glossary.)

• Commits the following offenses on school property or within 300 feet of school property as measured from any point on the school’s real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
  o Engages in conduct punishable as a felony.
  o Commits an assault (see glossary) under Penal Code 22.01(a)(1).
  o Sells, gives, or delivers to another person, or possesses, uses, or is under the influence of marijuana, a controlled substance, or a dangerous drug in an amount not constituting a felony offense. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (School-related felony drug offenses are addressed in the Expulsion section.) (See glossary for “under the influence.”)
  o Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol, if the conduct is not punishable as a felony offense. (School-related felony alcohol offenses are addressed in Expulsion on page 35.) (See glossary for “under the influence.”)
  o Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
  o Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure. (See glossary.)
  o Engages in conduct that contains the elements of an offense of harassment against an employee under Penal Code 42.07(a)(1), (2), (3), or (7).
• Engages in expellable conduct and is between six and nine years of age.
• Commits a federal firearms violation and is younger than six years of age.
• Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in Expulsion on page 35.)
• Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see glossary) of the Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
  1. The student receives deferred prosecution (see glossary),
  2. A court or jury finds that the student has engaged in delinquent conduct (see glossary), or
  3. The superintendent or designee has a reasonable belief (see glossary) that the student engaged in the conduct.

Sexual Assault and Campus Assignments
If a student has been convicted of continuous sexual abuse of a young child or children or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim’s parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus, the offending student shall be transferred to another campus in the district. If there is no other campus in the district serving the grade level of the offending student, the offending student shall be transferred to a DAEP.

Process
Removals to a DAEP shall be made by the campus behavior coordinator.

Conference
When a student is removed from class for a DAEP offense, the campus behavior coordinator or appropriate administrator shall schedule a conference within three school days with the student’s parent, the student, and the teacher, in the case of a teacher removal.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student, orally or in writing, of the reasons for the removal and shall give the student an explanation of the basis for the removal and an opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student’s parents attend the conference.

Consideration of Mitigating Factors
In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

  1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct,
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student’s status as homeless.

**Placement Order**

After the conference, if the student is placed in the DAEP, the campus behavior coordinator shall write a placement order. A copy of the DAEP placement order shall be sent to the student and the student’s parent.

Not later than the second business day after the conference, the board’s designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code.

If the student is placed in the DAEP and the length of placement is inconsistent with the guidelines included in this Code, the placement order shall give notice of the inconsistency.

**Coursework Notice**

The parent or guardian of a student placed in DAEP shall be given written notice of the student’s opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework.

**Length of Placement**

The campus behavior coordinator shall determine the duration of a student’s placement in a DAEP. The duration of a student’s placement shall be determined based on the seriousness of the offense, the student’s age and grade level, the frequency of misconduct, the student’s attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year, except as provided below. Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student’s DAEP placement order.

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

**Exceeds One Year**

Placement in a DAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees.
The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board’s decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

**Exceeds School Year**

Students who commit offenses requiring placement in a DAEP at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board’s designee must determine that:

1. The student’s presence in the regular classroom or campus presents a danger of physical harm to the student or others, or
2. The student has engaged in serious or persistent misbehavior (see glossary) that violates the district’s Code.

**Exceeds 60 Days**

For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student’s parent shall be given notice and the opportunity to participate in a proceeding before the board or the board’s designee.

**Appeals**

Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student’s placement in a DAEP should be addressed in accordance with policies FO and FNG(LOCAL). The campus discipline notification letter will provide instructions regarding the appeal process.

The district shall not delay disciplinary consequences pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the decision of the board’s designee’s hearing officer.

**Restrictions During Placement**

State law prohibits a student placed in a DAEP for reasons specified in state law from attending or participating in school-sponsored or school-related extracurricular activities.

The district shall provide transportation to students in a DAEP. Parents will need to provide transportation to the Discipline Program for students who have lost bus privileges or did not arrive at the school in time to meet the bus.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program shall be the last instructional day, and the student shall be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.
During the period of a DAEP or expulsion placement order, the student is prohibited from being on school premises other than his assigned DAEP/JJAEP campus during regular program hours and from attending or participating in any school-sponsored or school-related activities, as outlined in the Texas Education Code, Chapter 37.006(g). Violation of this restriction may subject the student to refusal of entry onto school grounds, a request that the child leave school grounds, assistance from law enforcement officials in an emergency, and/or prosecution of the student for violations of law as permitted by statute. **Violation of this notice may result in arrest, additional discipline, and/or court action.**

**Placement Review**

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board’s designee at intervals not to exceed 120 days. In the case of a high school student, the student’s progress toward graduation and the student’s graduation plan shall also be reviewed. At the review, the student or the student’s parent shall be given the opportunity to present arguments for the student’s return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher’s consent.

**Additional Misconduct**

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator may enter an additional disciplinary order as a result of those proceedings.

**Notice of Criminal Proceedings**

When a student is placed in a DAEP for certain offenses, the office of the prosecuting attorney shall notify the district if:

1. Prosecution of a student’s case was refused for lack of prosecutorial merit or insufficient evidence and no formal proceedings, deferred adjudication (see glossary), or deferred prosecution will be initiated; or

2. The court or jury found a student not guilty, or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student’s placement and schedule a review with the student’s parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student’s parent, the superintendent or designee may continue the student’s placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student’s parent may appeal the superintendent’s decision to the board. The student may not be returned to the regular classroom pending the appeal. In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive
Placement and/or Expulsion for Certain Offenses

information from the student, the student’s parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student’s parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.

Withdrawal During Process

When a student violates the district’s Code in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the campus behavior coordinator may complete the proceedings and issue a placement order. If the student then re-enrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the campus behavior coordinator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

Newly Enrolled Students

The district shall decide on a case-by-case basis whether to continue the placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district. The district may place the student in the district’s DAEP or a regular classroom setting.

A newly enrolled student with a DAEP placement from a district in another state shall be placed as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

If the student was placed in a DAEP by a school district in another state for a period that exceeds one year, this district, by state law, shall reduce the period of the placement so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees or the extended placement is in the best interest of the student.

Emergency Placement Procedure

When an emergency placement is necessary because the student’s behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

Transition Services

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program including a DAEP. See policy FOCA(LEGAL) for more information.
Placement and/or Expulsion for Certain Offenses

This section includes two categories of offenses for which the Education Code provides unique procedures and specific consequences.

Registered Sex Offenders

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the district must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement shall be in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student’s presence:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interests of the district’s students.

Review Committee

At the end of the first semester of a student’s placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the district shall convene a committee, in accordance with state law, to review the student’s placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee’s recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

Newly Enrolled Student

If a student enrolls in the district during a mandatory placement as a registered sex offender, the district may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

Appeal

A student or the student’s parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student’s parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

Certain Felonies

Regardless of whether placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education Code 37.0081, a student
may be expelled and placed in either DAEP or JJAEP if the board or campus behavior coordinator makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 (see glossary) of the Penal Code. The student must:

- Have received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or
- Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The district may expel the student and order placement under these circumstances regardless of:

1. The date on which the student’s conduct occurred,
2. The location at which the conduct occurred,
3. Whether the conduct occurred while the student was enrolled in the district, or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

**Hearing and Required Findings**

The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student’s presence in the regular classroom:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interest of the district’s students.

Any decision of the board or the board’s designee under this section is final and may not be appealed.

**Length of Placement**

The student is subject to the placement until:

1. The student graduates from high school,
2. The charges are dismissed or reduced to a misdemeanor offense, or
3. The student completes the term of the placement or is assigned to another program.
Placement Review

A student placed in a DAEP or JJAEP under these circumstances is entitled to a review of his or her status, including academic status, by the campus behavior coordinator or board’s designee at intervals not to exceed 120 days. In the case of a high school student, the student’s progress toward graduation and the student’s graduation plan shall also be reviewed. At the review, the student or the student’s parent shall have the opportunity to present arguments for the student’s return to the regular classroom or campus.

Newly Enrolled Students

A student who enrolls in the district before completing a placement under this section from another school district must complete the term of the placement.
Expulsion

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct,
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student’s status as homeless.

Discretionary Expulsion: Misconduct That May Result in Expulsion

Some of the following types of misconduct may result in mandatory placement in a DAEP, whether or not a student is expelled (See DAEP Placement)

Any Location

A student may be expelled for:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student’s consent.
- Conduct that contains the elements of assault under Penal Code 22.01(a)(1) in retaliation against a school employee or volunteer.
- Criminal mischief, if punishable as a felony.
- Engaging in conduct that contains the elements of one of the following offenses against another student

• Selling, giving, or delivering to another person, or possessing, using, or being under the influence of marijuana, a controlled substance, or a dangerous drug, if the conduct is not punishable as a felony. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (See glossary for “under the influence.”)

• Selling, giving, or delivering to another person, or possessing, using, or being under the influence of alcohol; or committing a serious act or offense while under the influence of alcohol, if the conduct is not punishable as a felony.

• Engaging in conduct that contains the elements of an offense relating to abusable volatile chemicals.

• Engaging in conduct that contains the elements of assault under Section 22.01(a)(1) against an employee or a volunteer.

• Engaging in deadly conduct. (See glossary.)

Within 300 Feet of School

A student may be expelled for engaging in the following conduct while within 300 feet of school property, as measured from any point on the school’s real property boundary line:

• Possessing, manufacturing, transporting, repairing, or selling a prohibited weapon, as defined by state law. (See glossary.)

• Possession of a firearm, as defined by federal law. (See glossary.)
Property of Another District

A student may be expelled for committing any offense that is a state-mandated expellable offense if the offense is committed on the property of another district in Texas or while the student is attending a school-sponsored or school-related activity of a school in another district in Texas.

While in DAEP

A student may be expelled for engaging in documented serious misbehavior that violates the district’s Code, despite documented behavioral interventions while placed in a DAEP. For purposes of discretionary expulsion from a DAEP, serious misbehavior means:

1. Deliberate violent behavior that poses a direct threat to the health or safety of others;
2. Extortion, meaning the gaining of money or other property by force or threat;
3. Conduct that constitutes coercion, as defined by Section 1.07, Penal Code; or
4. Conduct that constitutes the offense of:
   a. Public lewdness under Penal Code 21.07;
   b. Indecent exposure under Penal Code 21.08;
   c. Criminal mischief under Penal Code 28.03
   d. Hazing under Education Code 37.152; or
   e. Harassment under Penal Code 42.07(a)(1), of a student or district employee.

Mandatory Expulsion: Misconduct That Requires Expulsion

A student must be expelled under federal or state law for any of the following offenses that occur on school property or while attending a school-sponsored or school-related activity on or off school property:

Under Federal Law

- Bringing to school or possessing at school, including any setting that is under the district’s control or supervision for the purpose of a school activity, a firearm, as defined by federal law. (See glossary.)

Note: Mandatory expulsion under the federal Gun Free Schools Act does not apply to a firearm that is lawfully stored inside a locked vehicle, or to firearms used in activities approved and authorized by the district when the district has adopted appropriate safeguards to ensure student safety.

Under the Penal Code

- Unlawfully carrying on or about the student’s person the following, in the manner prohibited by Penal Code 46.02:
  - A handgun, defined by state law as any firearm designed, made, or adapted to be used with one hand. (See glossary.) Note: A student may not be expelled solely on the basis of the student’s use, exhibition, or possession of a firearm that occurs at an approved target range facility that is not located on a school campus, while
participating in or preparing for a school-sponsored, shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department, or a shooting sports sanctioning organization working with the department. [See policy FNCG(LEGAL).]

- A location-restricted knife, as defined by state law. (See glossary.)

- Possessing, manufacturing, transporting, repairing, or selling a prohibited weapon, as defined in state law.

- Behaving in a manner that contains elements of the following offenses under the Penal Code:
  - Aggravated assault, sexual assault, or aggravated sexual assault.

- Engaging in retaliation against a school employee or volunteer combined with one of the above-listed mandatory expulsion offenses.

**Under Age Ten**

When a student under the age of ten engages in behavior that is expellable behavior, the student shall not be expelled, but shall be placed in a DAEP. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.

**Process**

If a student is believed to have committed an expellable offense, the campus behavior coordinator or other appropriate administrator shall schedule a hearing within a reasonable time. The student’s parent shall be invited in writing to attend the hearing.

Until a hearing can be held, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
Out-of-school suspension.

DAEP.

Hearing
A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

1. Representation by the student’s parent or another adult who can provide guidance to the student and who is not an employee of the district,
2. An opportunity to testify and to present evidence and witnesses in the student’s defense, and
3. An opportunity to question the witnesses called by the district at the hearing.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student’s parent attends.

The hearing shall be conducted by the board of trustee’s designee and the decision to expel shall be made by the board.

Board Review of Expulsion
After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent’s designee within ten (10) days after receipt of the written decision. The superintendent’s designee must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board’s designee.

The board shall hear statements made by the parties at the review and shall base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.

Expulsion Order
Before ordering the expulsion, the board or campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct,
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student’s status as homeless.

If the student is expelled, the board or its designee shall deliver to the student and the student’s parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the district shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order shall give notice of the inconsistency.

**Length of Expulsion**

The length of an expulsion shall be based on the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, and statutory requirements.

The duration of a student’s expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year, except as provided below.

An expulsion may not exceed one year unless, after review, the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

**Withdrawal During Process**

When a student has violated the district’s Code in a way that requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then re-enrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the campus behavior coordinator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

**Additional Misconduct**

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator or the board may issue an additional disciplinary order as a result of those proceedings.
Restrictions During Expulsion
Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another district-approved program.

Newly Enrolled Students
The district shall decide on a case-by-case basis the placement of a student who is subject to an expulsion order from another district or an open-enrollment charter school upon enrollment in the district.

If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

1. The out-of-state district provides the district with a copy of the expulsion order, and
2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district shall reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

1. The student is a threat to the safety of other students or district employees, or
2. Extended placement is in the best interest of the student.

Emergency Expulsion Procedures
When an emergency expulsion is necessary to protect persons or property from imminent harm, the student shall be given verbal notice of the reason for the action. Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

DAEP Placement of Expelled Students
The district may provide educational services to any expelled student in a DAEP; however, educational services in the DAEP must be provided if the student is less than ten years of age.
Transition Services

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP or JJAEP. Students returning from JJAEP may be required to transition through the Community Learning Center. See policies FOCA(LEGAL) and FODA(LEGAL) for more information.
