

Getting Ready for the SAT

What subjects are on the SAT?

- Reading Test
- Writing and Language Test
- Math Test

Is super-scoring allowed?

Sort of. With Score Choice™, you choose which day's test scores you send to colleges. You can send a single day's scores, or you can send scores of every SAT you've taken. The only thing you can't do? You can't send partial scores from different days.

Is there a penalty for guessing?

On the SAT, you simply earn points for the questions you answer correctly. So, go ahead and give your best answer to every question—there's no advantage to leaving them blank.

How can a student prepare for the SAT?

The same habits and choices that lead to success in school will help you get ready for the SAT. The best way to prepare for the test is to:

- Take challenging courses.
- Do your homework.
- Prepare for tests and quizzes.
- Ask and answer lots of questions.

In short, take charge of your education and learn as much as you can.
