

APRIL 6 - 10 K-2

You can just use pencil and paper for all the drawing activities, but if you have crayons, markers, etc.... feel free to flourish!! Have a great time, add as many details as you would like! If you want, send me a picture of your creation to lynn.bennett@humbleisd.net or find me on twitter and Instagram @MsBennettArt. Have fun, be safe and be well!

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
<p>TEXTURE RUBBING: Place a piece of paper over an object with a texture (ex. a coin, brick, wood, leaf). Hold the paper steady and slowly rub over the object with the side of a crayon or pencil. Experiment with different objects to create an arrangement of interesting designs.</p>	<p>INITIAL DESIGNS: Draw the first letter of your name lightly on your paper. Trace around your letter to make a bubble letter. Fill the letter with a repetitive pattern. Color the letter and patterns. Choose different patterns and colors to decorate the space behind the letter (background).</p>	<p>WEB WEDNESDAYS</p> <p>SILLY MONSTERS: Time for silly monster drawing using dice! Go to this link below, print this sheet of monster parts. Roll the die and have fun!!</p> <p>https://io.wp.com/www.secondstorywindow.net/wp-content/uploads/2011/10/monsterdraw.jpg?ssl=1</p> <p>Now color it and get creative!</p>	<p>OBJECT DRAWING: Put one of your shoes in front of you. Draw the outer edge of the shoe first. Then add the interior details (eyelets, holes, shoe laces, designs, etc.). Now do some crazy coloring!!</p>	<p>ARTIST FRIDAYS Artist Vincent van Gogh loved to show movement in his artwork. Watch the following <i>Art with Mati and Dada</i> video.</p> <p>https://www.youtube.com/watch?v=9IGEvmlLve0</p> <p>Now go outside, find something interesting to draw; flowers, trees, the sky with clouds. How can you show movement like Vincent van Gogh?</p>

Here are a few terrific online art sites to enjoy.
