Where Science and Summer Fun Meet!

Introduction

It's that time of year again and we've been working hard to prepare a science camp experience that will make your child excited about science. We will explore some new destinations as well as some old favorites. Your student has seen the pictures in the science textbooks, now they can experience the science in action, **first hand**. Whether it's experiencing **flying high at I-Fly** or **exploring the Hill Country by Zip-Line**, your student is sure to learn and see many fascinating things—not to mention having a great time. **Who knows, we might even blow up something!**

We believe **the middle school/junior high years** are a time for exploring and investigation...and having a lot of fun learning along the way. Young people are developing their dreams for the future at this age. At **Summer Science Safari**, we help students envision their futures. We pack as much science and learning into five days as we can, then top it off with lots of fun.

For over 20 years, Joe Watson (Head Coach of the 2011 State Champion Riverwood Science Olympiad Team in Kingwood and Head Coach of the 2013 State Champion Beckendorff Junior High Science Olympiad Team in Katy) has conducted one of the best Summer Camps, around. With degrees in Meteorology and Secondary Education and Certifications in G/T and Earth and Life Sciences and a Master's Degree in Secondary Education, he has had over 27 years' experience teaching middle school/junior high students. Along with several other science professionals we have created a science adventure that you don't want to miss.

We are again offering this exciting camp in the Kingwood/Atascocita/Humble areas. We will pick up and return *students to Creekwood Middle School* in Kingwood, however, **all current year 5th through 8th grade students IN THE AREA are eligible to attend.** We're excited to bring this wonderful program to you this year.

Itinerary

Minor schedule and activity changes are possible.

Day 1

Rock Climbing, Dinosaurs, and Scuba.... We will start the day with **Rock Climbing Lesson**. We are really excited to offer a great way for the kids to "hang" with their friends. Next, we'll be heading over to the **Houston Museum of Natural Science** to check out some attractions and special events. Lastly, it is on to the pool for a beginners **Scuba Diving lesson**. No prior experience needed for this day's dive. **Certified diving instructors** will introduce the kids to the world of scuba diving. Instructors will work with the kids and teach them all the do's and don'ts of scuba diving. Each child will be equipped with the **latest dive gear and instruction**, then they will spend time diving with a scuba tank in the dive school pool.

Day 2

A day @ Texas A&M University for a day of real science. We will begin our day with a tour of the **Texas A&M University Medical School**—one of the newest and most modern in the country. Then we are off to learn about **Nuclear Power** and get an up-close look at a **working nuclear reactor**. From there we will stop at **TEEX Fire Fighting School and Disaster City**; Disaster city is a mockup of a destroyed town. Crushed buildings, massive car pile ups, train wrecks and crashed airplanes are all used here to teach lifesaving skills. Then, it is on to a **Cold-Physics Presentation** by professors in the **Physics Department in the Stephen Hawking Auditorium**. *Have you ever stuck your hand in Liquid Nitrogen?* It will give you chills! Our last stop is the **Chemistry Department** where the students will be given a great **Chemistry Show**.... Sparks will fly and things will explode! Look out for More adventures to be added.

Day 3

Today, we're off to **Fiesta Texas in San Antonio** for a day of **breathtaking rides, cool streams, and entertainment**.

Later, we will be staying at the **Exotic Resort Zoo in Johnson City** where llamas, camels, and all kinds of exotic animals come right to the fence at our log cabins...of course, there will be separate girls' and boys' cabins. We'll have a huge bonfire that night and a great pool. Once we are settled in, we have a real treat planned that can only be done with a clear night sky!

Day 4

On this day we will be heading into Johnson City to visit the **Science Mill**, the best hands-on science experience in Texas. Next, it's on to the **Wimberley Zip-Line**. Here trained professionals will take us on a **Zip-line tour over the Texas Hill Country**. Emphasis will be placed on **ecology, safety, and fun**. We may even visit a Cavern or Cave!

Day 5

On our last day we'll be floating and flying...First, we start our final day with a tour of the **Houston Ship Channel by tour boat**. The students will see just how much is required to put ships to sea. Next, we finish our week with a sky diving adventure at **I-Fly** in the Woodlands where the students will discover the thrill of this fun sport. **What a week?**

All of this for only \$699.00 including all travels, tickets, and entry fees.

Lunches, snacks, gifts, and souvenirs are all the responsibility of the parents and students.

Through the Humble ISD Website, take \$50.00 off until May 31, 2022, for a Total Cost of \$649.00.

All participants must be in Grades 5-8 in the 2021/2022 school year. There is a minimum of 10 and a maximum of 13 participants to fill each session. Additional applicants will be placed on a waiting list.

For additional information, please contact Joe Watson in the Kingwood/Humble Area at:

joe@summersciencesafari.com

or call at 832-305-8572

The **Summer Science Safari** is a privately-owned company and is not affiliated with any Public or Private School in any manner. **Pick Up and Return will be at Creekwood Middle School in Kingwood on West Lake Houston Parkway, Kingwood.**

You Can Register Using the Forms and Methods on the Next Page or Register Online at

<https://forms.gle/E1T7ukSqUkWSfP196>

If you register online, please bring in the following completed forms with you on the first day of camp!

***Faxed* Credit Card Information Form**

For Security Purposes, Please Do Not Use This Form for Email!

Fax this along with the Registration Forms to 832-305-8874

Name on CC: _____

Type of CC: _____

CC Number: _____

Expiration Date: _____

Security #: _____

Billing Zip Code: _____

Cell Phone #: _____

Email Address: _____

You will receive a receipt by either text or email depending upon your preferences on your credit/debit card and from our credit card processor by email.

If you have any problems faxing, call 832-305-8572
