

Our Mission

Our purpose, in partnership with families and community, is to develop each child intellectually, artistically, emotionally, physically, and socially so that all students are life-long learners, complex thinkers, responsible global citizens and effective communicators.

Dyslexia Intervention

The Dyslexic Student's Summer...

Because summer provides a more flexible schedule, it is a great idea to help your student get a head start on next year's work, and to do so in a fun and more relaxed way. Obtaining a list of books that the student might be reading the next school year would greatly benefit, as the student can preview them in a variety of ways. It is beneficial for dyslexic students to listen to a book while reading along in a printed copy. This models fluency for the student and helps them to hear what fluid reading sounds like. This can also be done with core content area subject matter, and in a more self-paced environment where the student doesn't feel the added stress and pressure of time limits and deadlines. Bottom line, practice, practice, practice. The more students read, hear, and practice fluency, the more students will read more fluently themselves.

Fun & Helpful Apps!

Duck Duck Moose: Students collect animals and build their own zoo while learning words and letter sounds.	\$2.99	Simplex Spelling: Improves spelling & reading skills with phonics lessons, spelling patterns and rules, and a unique "reverse phonics" approach.	\$4.99
