February, 2017

Dear Parents and Students:

ALL students at Woodcreek Middle School who are enrolled for the 2017-2018 school year will be required to read over the summer. In addition, each student must complete an assignment for their Reading/Language Arts Class. There is only one book list for all 3 grade levels and 1 choice list for their assignment. This is different from past years.

The assignment will be due NO LATER than September 22, 2017. Grades 6, 7 and 8 will choose from the one list. The list is developed by public and school librarians from the Young Adult Round Table specifically for grades 6 – 8. Parent and student should look at the list together and decide on book choice. Take note of recommended age range on each book title.

Points will be deducted for everyday the assignment is late thereafter. The assignment will count as a double formative for Pre-ap and 1 formative for on-level classes. Summer Reading assignments provide several advantages for students, including maintaining skills over the summer, fostering independent learning, and continued love of reading. Enjoy!

Thank you for your cooperation and continuing interest in your child’s education.

Should you have any questions, please email Brenda.rider@humble.k12.tx.us.

greater interaction between Texas authors and illustrators, Texas librarians, and Texas youth. The Spirit of Texas Reading Program-Middle School is intended for recreational reading, not to support a specific curriculum. Due to the diversity of this Recommended Age Range, Texas librarians should purchase titles on this list according to their individual collection policies. Each author featured on the list has had at least one book favorably reviewed for grades 6-8 in a professional review source. Six authors will be featured bi-monthly with all programming available year round.

WMS Summer Reading Assignments
For all grade levels

Choose 1 novel from the list provided. Read the novel and make any notes you feel will help you with your summer project.

Choose 1 of the following projects to complete that show your understanding of the novel you have read. This project will be one of your first important grades for the next year so make sure that it showcases your talent and abilities. This project could require a significant amount of time beyond just reading the book, so do not rush your project. Regardless of the project you choose you should include information relating and showing your understanding of: the plot of the story, the characters involved, the themes or big ideas in the story, and your opinion of the book.

Some ideas are as follows:
- book/movie trailer,
- recreate a scene,
- a recorded book talk that covers one of the themes in the novel,
- Investigate and reveal the intricacies of a character,
- rewrite a chapter/scene, etc.

1. Design a multimedia presentation (about 1 and a half minutes long) for your novel. Do not use Power Point, but be creative using technology. Options are endless! Some resources could be iMovie or Windows Movie Maker, or web based programs like Animoto (https://animoto.com/). Remember, your project must include plot events, character analysis and themes from your book.

2. Make an illustrated timeline of the novel. You must illustrate 10 different events/scenes from the story you selected. Your illustrations must be put in proper order for your book, and should show the characters and events of importance throughout your story. Be sure to include a written explanation of why you chose each scene and how it relates to the theme of the novel. Illustrations will be graded on quality and must be in color; no stick figures will be accepted. Remember, your project must include plot events, character analysis and themes from your book.

3. Create a newspaper for the town/city your story takes place in. Have the stories and features of the newspaper be about the characters and events in your novel. Your newspaper should contain information about the characters, setting, plot, and theme(s) of the novel. The newspaper should be informative and must contain text and pictures. You could include editorials, weather reports, sports, reports, feature stories. Be creative! Here is a link for a newspaper template: http://www.extranewspapers.com/newspaper-template-pack-word-school/ Remember, your project must include plot events, character analysis and themes from your book.

4. Book Jacket: Must be your own design – do not duplicate original book jacket. Remember, your project must include plot events, character analysis and themes from your book. Create a colorful, engaging book jacket that includes the following:
   - **Cover:** New cover for the book with illustration, title, author, and student name.
   - **Inner Flap:** (left side):
     - **Summary** – Sequential summary of key story events from the reading
     - **Characters** – discuss the major characters in the story and their personalities
   - **Inner Flap:** (right side):
     - **Text Connections** (1 text to text, 1 text to self, and 1 text to world)
   - **Back Flap:** Theme – Description of the theme in the novel make sure to support your answer with specific examples from the story.

5. Talk Show: Imagine the characters from the book are on a talk show that is either about an issue that arose in the book or a show for people that are interested in reading the book. Create a script for the talk show and record a short video of the interview. You will host the show, and decide who to invite as guests. Provide enough scripting to lead the audience to an understanding of the issue or the novel itself. While you read the book think about the main ideas and message the book conveys. Make sure your interview questions and responses are open ended so your guests are prompted to do most of the talking. If, for example, you have your interviewer ask, “Did you like being the main character in the story?” the guest might give a one word answer like “Yes”. Instead ask, “What was the best part about being the main character in this book?”
