Landforms Included in this Unit:
Archipelago, Beach, Canyon, Cave, Glacier, Grassland, Hills, Island, Lake, Mountains, Plateau, Pond, River, Valley, Volcano, Waterfall
This versatile set can be used as either a student Landforms dictionary or as a Landforms Coloring Book – it is your choice!

I have included a cover for each, so you can use it how it suits you best.

**Putting Together the Book**

Choose the cover page that you would like to use. Print off the cover page and the Landforms pages for each student. Fold the cover page in half. Cut the Landforms pages in half, place them in the order that you choose, and staple them inside the folded cover page. It is that easy!
My Landform Coloring Book

By: ___________________
Archipelago
A large group or chain of islands.

Beach
An area of sand or pebbles along the shore.
Canyon
A deep valley with steep sides, often with a stream running through it.

Cave
An opening in the earth, typically in a hill or mountain.
Glacier
A large mass of ice, formed from falling snow, and descending slowly down a mountain.

Grassland
Land with grass growing on it, such as a pasture or field.
Hills
A mound of earth smaller than a mountain.

Island
An area of land completely surrounded by water.
Lake
A larger body of water surrounded by land.

Mountains
A large mound of earth, usually larger than 2,000 feet high.
Plateau
An area of raised land with a level surface.

Pond
A small body of water, sometimes man-made.
River
A large stream of water flowing in a certain course.

Valley
A long area of land between two mountains.
Volcano
A mountain with a crater at the top through which lava or ash can flow through.

Waterfall
A steep flow of water from a great height.
Thank You for choosing my Landforms Dictionary and Coloring Book!
