

Credit By Exam for Acceleration

Each summer Humble ISD provides testing sessions for students who wish to attempt credit by exam for acceleration to skip a grade and/or course. 6th and 7th grade students who wish to advance to an honors mathematics class will follow the same testing procedure and schedule as all other students taking credit by exam for acceleration. Counselors will publicize information about these opportunities at your campus, as appropriate. In spring of 2016, we will have two testing sessions on Saturday, May 14, and Saturday, May 28. Summer testing will be every Thursday beginning June 16.

Summer Testing Sessions:

Thursday, June 16
Thursday, June 23
Thursday, June 30
Thursday, July 14
Thursday, July 21
Thursday, July 28

Testing Times: Morning Session: 8:30AM – 11:30AM
Afternoon Session: 12:30PM - 3:30 PM

Testing Locations:

Instructional Support Center
4810 Magnolia Cove
Kingwood, Texas

Testing Criteria:

To skip a grade, elementary students must take 4 tests and middle school students must take 8 tests – Math, Language Arts, Social Studies, and Science for the grade they wish to skip. **A score of 80% is required on all tests for the student to be eligible to skip the grade.** Students are allowed 3 hours for each test although they rarely use that much time. Parents should be available on testing days so they can be reached if students finish early.

Humble ISD offers mathematics placement exams for middle school students who wish to move from their current on-level class to an honors mathematics class next year. Honors courses typically cover 1½ years of material each year. In 6th grade Honors students cover all 6th grade material plus half of 7th grade material. Students in 7th grade Honors cover the other half of 7th grade material and one full year of 8th grade material.

Current 6th grade students will be required to take a 1.5 hour exam to demonstrate mastery of half of 7th grade material so that they will be prepared for 7th grade Honors mathematics next year. Current 7th grade students will need to take two 1.5 hour exams, one for each of the 8th grade semesters. Students must score 80% or better on each placement exam.

Registration:

To register a student for credit by exam for acceleration, parents and students should contact their campus counselor.

On-line Reviews:

Exam reviews are available on-line at the Texas Tech website at <http://www.depts.ttu.edu/ode> or <http://www.depts.ttu.edu/uc/cbereview/>

Spring/Summer Credit by Examination 2015-2016

To be filled out by
counselor and sent to
Director of
Student Support Services

Purpose (*check one*):

- Acceleration (no prior instruction - score of 80 required)
- Verification (home schooling/non-accredited – score of 70 required)
- Retrieval (failure of course – score of 70 required)

Date Student Wishes to Test: (Please check first and second choice)

Each high school gives Credit by Exams throughout the school year. Students and parents should visit their campus counselor to arrange a test date during the school year.
