

MATHEMATICIAN RESEARCH PROJECT

Objective: Students will research a famous mathematician and present their findings via the cover of their Interactive Notebook (INB.)

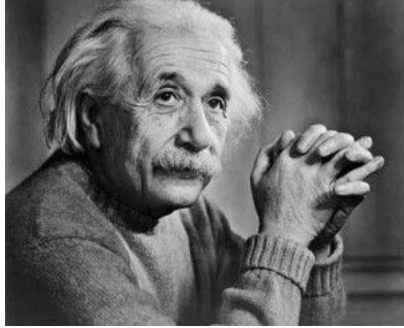

Use the Internet and your favorite search engine to find information about the mathematician you choose in class.

The following elements are required to be on the cover of your Interactive Notebook:

- Photograph or Drawing of your Mathematician
- Your Mathematician's Name
- Dates of Life
- Country of Origin
- Major Contribution to Mathematics
- Quote Attributed to Your Mathematician

Katherine
Johnson

Albert Einstein

Archimedes

Ada Lovelace

Benjamin
Banneker
