

Fifth Grade Newsletter

Week of November 4, 2019

What Are We Learning This Week?

MATH: We will identify prime and composite numbers. We will also generate equivalent fractions.

SCIENCE: We will demonstrate that the flow of electricity in circuits requires a complete path.

SOCIAL STUDIES: We will be learning about the regions that encompassed the thirteen original colonies.

READING: Analyze and identify elements of poetry.

How Can You Help Your Child At Home?

MATH: Practice basic multiplication facts with your child. Student can also access Prodigy and Istation from home on the computer.

Science: Review science vocabulary with your child.

READING: Read at least 20 minutes per night. Our goal is for every student to read at least 30 books this year.

Spelling words: We will be working on vocabulary this week.
