

Fifth Grade Newsletter

Week of November 11, 2019

What Are We Learning This Week?

MATH: We will generate equivalent fractions. We will also add and subtract fractions with unlike denominators.

SCIENCE: We will demonstrate that light travels in a straight line until it strikes an object or travels through one medium to another and demonstrate that light can be reflected and refracted.

SOCIAL STUDIES: We will continue our research and apply that knowledge to create a Colonial Pillow.

READING: Analyze and identify elements of poetry.

How Can You Help Your Child At Home?

MATH: Practice basic multiplication facts with your child. Student can also access Prodigy and Istation from home on the computer.

Science: Review science vocabulary with your child.

READING: Read at least 20 minutes per night. Our goal is for every student to read at least 30 books this year.

Spelling words: We will be working on vocabulary this week.
