One More Thing...

In order to be able to grade your assignments and help you to succeed, your teacher may wish to group all the students in your class together in CourseMate. This type of group is called an “Instructor-led course”.

In this case, your teacher will give you an additional code called a “Course Key” that you will use to enroll in the course.

How To Register for an Instructor-Led Course

The screen below is what you will see in CourseMate if your teacher has set up an Instructor-led course for you to enroll in.

1. Click the "Enter Your Course Key" button.

2. This popup box will appear. Enter your Course Key and click "Submit".

3. You are now registered for the course your teacher has assigned you to. You don't need to do anything else.
