### THIRD GRADE

As the school year comes to a close we want to take a moment to say **THANK YOU** for entrusting us with your child! This year we have lived, studied, learned, laughed, sang, grown up together, and taken the Reading and the Math STAAR! We look forward to the day when we hear that familiar name linked with great accomplishments. Here are a few tips to prevent summer learning loss.

- \* Read, Read, Read each day during the summer break -- 15 to 30 minutes per day is all it takes!
- \* Encourage creative writing: Have your student write a creative paragraph each week. You can help by assisting him or her with choosing a topic (such as a family vacation, special outing or holiday memory) to write a paragraph about.
- \* Visit the library!
- \*Download educational fun apps on tablets or smart phones.
- \* Practice math facts and online math games such as Prodigy and Think Through Math.
- \*Read, Read, Read!!!! Have a fun and safe summer!
